**SECTION A - Solicitation/Contract Form**

**A-1 Clauses**

There are no clauses in this section.

## SECTION B - Supplies or Services/Prices

### B-1 Clauses

#### Clause List

#### **B-1 EPAAR 1552.211-73 LEVEL OF EFFORT-COST-REIMBURSEMENT CONTRACT. (MAY 2016)**

(a) The Contractor shall perform all work and provide all required reports within the level of effort specified below. The Contractor shall provide up to 11,000 direct labor hours for the base period. The Government's best estimate of the level of effort to fulfill these requirements is provided for advisory and estimating purposes. The Government is only obligated to pay for direct labor hours ordered and corresponding fixed fee for labor hours completed.

(b) Direct labor includes personnel such as engineers, scientists, draftsmen, technicians, statisticians, and programmers, and not support personnel such as company management or data entry/word processing/accounting personnel even though such support personnel are normally treated as direct labor by the Contractor. The level of effort specified in paragraph (a) of this section includes Contractor, subcontractor, and consultant non-support labor hours.

(c) If the Contractor provides less than 90 percent of the level of effort specified for the base period or any optional period exercised, an equitable downward adjustment of the fixed fee, if any, for that period will be made. The downward adjustment will reduce the fixed fee by the percentage by which the total expended level of effort is less than 100% of that specified in paragraph (a). (For instance, if a hypothetical base-period LOE of 100,000 hours is being reduced to 70,000, the fixed fee shall also be reduced by the same 30%. Using a corresponding hypothetical base-period fixed fee pool of \$300,000, the reduced fixed-fee amount is calculated as:  $\$300,000 \times (70,000 \text{ hours} / 100,000 \text{ hours}) = \$210,000$ .)

(d) The Government may require the Contractor to provide additional effort up to 110 percent of the level of effort for any period until the estimated cost for that period has been reached. However, this additional effort shall not result in any increase in the fixed fee, if any.

(e) If this is a cost-plus-incentive-fee (CPIF) contract, the term "fee" in paragraphs (c) and (d) of this section means "base fee and incentive fee." If this is a cost-plus-award-fee (CPAF) contract, the term "fee" in paragraphs (c) and (d) means "base fee and award fee."

(f) If the level of effort specified to be ordered during a given base or option period is not ordered during that period, that level of effort may not be accumulated and ordered during a subsequent period.

(g) These terms and conditions do not supersede the requirements of either the "Limitation of Cost" or "Limitation of Funds" clauses.

(End of clause)

#### **B-2 EPAAR 1552.211-74 WORK ASSIGNMENTS. (DEC 2014) - ALTERNATE III (DEC 2014)**

(a) The contractor shall perform work under this contract as specified in written work assignments issued by the Contracting Officer.

(b) Each work assignment may include (1) a numerical designation, (2) approved workplan labor hours or an estimated initial level of effort provided in accordance with 1511.011-74, (3) the period of performance and schedule of deliverables, and (4) the description of the work.

(c) The Contractor shall acknowledge receipt of each work assignment by returning to the Contracting Officer a signed copy of the work assignment within 5 calendar days after its receipt. The Contractor shall begin working on a work plan immediately upon receipt of a work assignment. Within 20 calendar days after receipt of a work assignment, the Contractor shall submit 1 copies of a work plan to the Contract-level Contracting Officer's Representative and 1 copies to the Contracting Officer. The work plan shall include a detailed technical and staffing plan and a detailed cost estimate. Within 30 calendar days after receipt of the work plan, the Contracting Officer will provide written approval or disapproval of it to the Contractor. The Contractor is not authorized to start work without an approved work plan unless approved by the Contracting Officer or otherwise specified. Also, if the Contracting Officer disapproves a work plan, the Contractor shall stop work until the problem causing the disapproval is resolved. In either case, the Contractor shall resume work only when the Contracting Officer approves the work plan.

(d) This clause does not change the requirements of the "Level of Effort" clause, nor the notification requirements of either the "Limitation of Cost" or "Limitation of Funds" clauses.

(e) Work assignments shall not allow for any change to the terms or conditions of the contract. Where any language in the work assignment may suggest a change to the terms or conditions, the Contractor shall immediately notify the Contracting Officer.

(f) Within 20 days of receipt of the work assignment or similar tasking document, the Contractor shall provide a conflict of interest (COI) certification.

Before submitting the COI certification, the Contractor shall search its records accumulated, at a minimum, over the past three years immediately prior to the receipt of the work assignment or similar tasking document. In the COI certification, the Contractor must certify to the best of the Contractor's knowledge and belief that all actual or potential organizational COIs have been reported to the Contracting Officer, or that to the best of the Contractor's knowledge and belief, no actual or potential organizational COIs exist. In addition, the Contractor must certify that its personnel who perform work under this work assignment or relating to this work assignment have been informed of their obligation to report personal and organizational COIs to the Contractor. The COI certification shall also include a statement that the Contractor recognizes its continuing obligation to identify and report any actual or potential COI arising during performance of this work assignment.

(End of clause)

### **B-3 Local Clauses EPA-B-16-102 ESTIMATED COST AND FIXED FEE**

(a) The estimated cost of this contract is (b)(4)

(b) The fixed fee is (b)(4)

(c) The total estimated cost and fixed fee is \$1,193,405.00.

### **B-4 Local Clauses EPA-B-32-101 LIMITATION OF FUNDS NOTICE**

(a) Pursuant to the Limitation of Funds clause, incremental funding in the amount of (b)(4) is allotted to cover estimated cost. Funding in the amount of (b)(4) is provided to cover the corresponding increment of fixed fee. The amount allotted for costs is estimated to cover the contractor's performance through 1/24/2017.

(b) When the contract is fully funded as specified in the Estimated Cost and Fixed Fee Clause (EPA-B-16-102), the Limitation of Cost clause shall become applicable.

(c) Recapitulation of Funds will be provided in the applicable modifications.

## **SECTION C - Description/Specifications**

### **C-1 Clauses**

#### **C-1 EPAAR 1552.211-79 COMPLIANCE WITH EPA POLICIES FOR INFORMATION RESOURCES MANAGEMENT. (JAN 2012)**

(a) Definition. Information Resources Management (IRM) is defined as any planning, budgeting, organizing, directing, training, promoting, controlling, and managing activities associated with the burden, collection, creation, use and dissemination of information. IRM includes both information itself and the management of information and related resources such as personnel, equipment, funds, and technology. Examples of these services include but are not limited to the following:

- (1) The acquisition, creation, or modification of a computer program or automated data base for delivery to EPA or use by EPA or contractors operating EPA programs.
- (2) The analysis of requirements for, study of the feasibility of, evaluation of alternatives for, or design and development of a computer program or automated data base for use by EPA or contractors operating EPA programs.
- (3) Services that provide EPA personnel access to or use of computer or word processing equipment, software, or related services.
- (4) Services that provide EPA personnel access to or use of: Data communications; electronic messaging services or capabilities; electronic bulletin boards, or other forms of electronic information dissemination; electronic record-keeping; or any other automated information services.

(b) General. The Contractor shall perform any IRM-related work under this contract in accordance with the IRM policies, standards, and procedures set forth on the Office of Environmental Information policy Web site. Upon receipt of a work request (i.e. delivery order, task order, or work assignment), the Contractor shall check this listing of directives. The applicable directives for performance of the work request are those in effect on the date of issuance of the work request. The 2100 Series (2100-2199) of the Agency's Directive System contains the majority of the Agency's IRM policies, standards, and procedures.

(c) Section 508 requirements (accessibility). Contract deliverables are required to be compliant with Section 508 requirements (accessibility for people with disabilities). The Environmental Protection Agency policy for 508 compliance can be found at [www.epa.gov/accessibility](http://www.epa.gov/accessibility).

(d) Electronic access. A complete listing, including full text, of documents included in the 2100 Series of the Agency's Directive System is maintained on the EPA Public Access Server on the Internet at <http://epa.gov/docs/irmpoli8/policies/index.html>.

(End of clause)

#### **C-2 Local Clauses EPA-C-10-101 STATEMENT OF WORK/PERFORMANCE WORK STATEMENT/SPECIFICATIONS**

The Contractor shall furnish the necessary personnel, material, equipment, services, and facilities (except as otherwise specified), to perform the performance work statement (PWS) included in Attachment 1. Work will be ordered against the subject PWS through Contracting Officer issuance of work assignments.

#### **C-3 Local Clauses EPA-C-10-103 INCORPORATION OF CONTRACTOR'S QUALITY ASSURANCE (QA) PLAN**

The Contractor shall adhere to the procedures set forth in its QA plan dated April 2016, which is incorporated by reference.

## **SECTION D - Packaging and Marking**

### **D-1 Clauses**

There are no clauses in this section.

## SECTION E - Inspection and Acceptance

### E-1 Clauses

**E-1 FAR 52.246-5 INSPECTION OF SERVICES - COST-REIMBURSEMENT. (APR 1984)**

**E-2 FAR 52.246-11 HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT. (DEC 2014)**

(a) The Contractor shall comply with the higher-level quality standard(s) listed below.

The Contractor shall comply with the higher-level quality standard selected below.

	Title	Number	Date	Tailoring
[x]	Specifications and Guidelines for Quality Systems for Environmental Data Collection and Environmental Technology Programs	ANSI/ASQC E4	1994	See Below

As authorized by FAR 52.246-11, the higher-level quality standard ANSI/ASQC E4 is tailored as follows:

The solicitation and contract require the offeror/contractor to demonstrate conformance to ANSI/ASQC E4 by submitting the quality documentation described below.

In addition, after award of the contract, the Contractor shall revise, when applicable, quality documentation submitted before award to address specific comments provided by EPA and submit the revised documentation to the Contracting Officer's Representative.

After award of the contract, the Contractor shall also implement all quality documentation approved by the Government.

A. Pre-Award Documentation: The offeror must submit the following quality system documentation as a separate and identifiable part of its technical proposal:

	Documentation	Specifications
<input type="checkbox"/>	Quality Management Plan	EPA Requirements for Quality Management Plan (QA/R-2) [dated 03/20/01]
<input type="checkbox"/>	Joint Quality Management Plan/Quality Assurance Project Plan for the Contract	EPA Requirements for Quality Management Plans (QA/R-2)[dated 03/20/01] and EPA Requirements for Quality Assurance Project Plans (QA/R) [dated 3/20/01]
<input type="checkbox"/>	Programmatic Quality Assurance Project Plan For the Entire Program (contract)	EPA Requirements for Quality Assurance Project Plans (QA/R-5) [dated 03/20/01]
[X]	Other Equivalent	Customized Quality Management Plan (QMP) prepared in accordance with QA/R-2

- |     |                  |   |
|-----|------------------|---|
| [X] | Other Equivalent | Sample QAPP prepared in accordance with R-5 and that meets the sample QAPP requirements described in Section L clause EPA-L-36-101. |
|-----|------------------|---|

This documentation will be prepared in accordance with the specifications identified above, or equivalent specifications defined by EPA. The offeror shall describe its plan for covering the costs associated with required documentation. Work involving environmental data generation or use shall not commence until the Government has approved this documentation and incorporated it into the contract.

B. **Post-Award Documentation:** The Contractor shall submit the following quality system documentation to the Contracting Officer's Representative at the time frames identified below:

C. []	Documentation Quality Management Plan	Specification EPA Requirements for Quality Management Plans (QA/R-2) [dated 03/20/01]	Due After Award of Contract
[]	Joint Quality Management Plan/Quality Assurance Project Plan for the Contract	EPA Requirements for Quality Management Plans (QA/R-2) [dated 03/20/01] and EPA Requirements for Quality Assurance Project Plans (QA-R-5) [dated 03/20/02]	Award of contract
[]	Quality Assurance Project Plan for the Contract	EPA Requirements for Quality Assurance Project Plans (QA/R-5 [dated 03/20/01	Award of Contract
[]	Programmatic Quality Assurance Project Plan For the entire Program (contract)	EPA Requirements for Quality Assurance Project Plans (QA/R-5) [dated 03/20/01]	Award of Contract
[X]	Quality Assurance Project Plan for each Applicable project	EPA Requirements for Quality Assurance Project Plans (QA/R-5 [dated 03/20/01]	Issuance of statement of work for the applicable project
[]	Project-specific Supplement to Programmatic Quality Assurance Project Plan For each applicable Project.	EPA Requirements for Quality Assurance Project Plans (QA/R-5 [dated 03/20/01]	Issuance of statement of work for the applicable project
[]	Other Equivalent	Customized QMP	After Award of contract

This documentation will be prepared in accordance with the specifications identified above or equivalent specifications defined by EPA. The offeror shall describe their plan for covering the costs associated with the required documentation.

The Government will review and return the quality documentation, with comments, and indicating approval or disapproval. If necessary, the contractor shall revise the documentation to address all comments and shall submit the revised documentation to the government for approval.

The Contractor shall not commence work involving environmental data generation or use until the Government has approved the quality documentation. (Note: Statement of Work includes statements of work to perform projects under work assignments, task orders, delivery orders, etc.)

(b) The Contractor shall include applicable requirements of the higher-level quality standard(s) listed in paragraph (a) of this clause and the requirement to flow down such standards, as applicable, to lower-tier subcontracts, in-

(1) Any subcontract for critical and complex items (see 46.203(b) and (c)); or

(2) When the technical requirements of a subcontract require-

(i) Control of such things as design, work operations, in-process control, testing, and inspection; or

(ii) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

(End of clause)

**SECTION F - Deliveries or Performance****F-1 Clauses****F-1 FAR 52.242-15 STOP-WORK ORDER. (AUG 1989) - ALTERNATE I (APR 1984)****F-2 EPAAR 1552.211-70 REPORTS OF WORK. (OCT 2000)**

The Contractor shall prepare and deliver reports, including plans, evaluations, studies, analyses and manuals in accordance with Attachment 2. Each report shall cite the contract number, identify the U.S. Environmental Protection Agency as the sponsoring agency, and identify the name of the Contractor preparing the report.

The OMB clearance number for progress reports delivered under this contract is 2030-0005.

(End of clause)

**F-3 EPAAR 1552.211-75 WORKING FILES. (APR 1984)**

The Contractor shall maintain accurate working files (by task or work assignment) on all work documentation including calculations, assumptions, interpretations of regulations, sources of information, and other raw data required in the performance of this contract. The Contractor shall provide the information contained in the contractor's working files upon request of the Contracting Officer.

(End of clause)

**F-4 EPAAR 1552.211-78 ADVISORY AND ASSISTANCE SERVICES. (JUL 2015)**

All reports containing recommendations to the Environmental Protection Agency shall include the following information on the cover of each report: (a) Name and business address of the contractor; (b) contract number; (c) contract dollar amount; (d) whether the contract was subject to full and open competition or a sole source acquisition; (e) name of the EPA Project Officer and the EPA Project Officer's office identification and location; and (f) date of report.

(End of clause)

**F-5 Local Clauses EPA-F-12-101 PERIOD OF PERFORMANCE**

The period of performance of this contract shall be from effective date of contract through June 30, 2017 inclusive of all required reports.

## SECTION G - Contract Administration Data

### G-1 Clauses

#### G-1 EPAAR 1552.216-74 PAYMENT OF FEE. (MAY 1991)

(a) The term fee in this clause refers to either the fixed fee under a cost-plus-fixed-fee type contract, or the base fee under a cost-plus-award-fee type contract.

(b) The Government will make provisional fee payments on the basis of percentage of work completed. Percentage of work completed is the ratio of direct labor hours performed to the direct labor hours set forth in clause 1552.211-73, Level of Effort-Cost-Reimbursement Term Contract.

(End of clause)

#### G-2 EPAAR 1552.245-70 GOVERNMENT PROPERTY. (SEP 2009)

(a) The contractor shall not fabricate or acquire, on behalf of the Government, either directly or indirectly through a subcontract, any item of property without prior written approval from the Contracting Officer. If the Contracting Officer authorizes the contractor to acquire and/or fabricate equipment for use in the performance of this contract, the equipment shall be subject to the provisions of the "Government Property" clause and listed on the contract via contract modification.

(b) If the Government provides item(s) of Government property to the contractor for use in the performance of this contract, this property shall be used and maintained by the contractor in accordance with the provisions of the "Government Property" clause.

The "EPA Contract Property Administration Requirements" provided below apply to this contract.

U.S. Environmental Protection Agency

#### Contract Property Administration Requirements

1. Purpose. This document sets forth the requirements for the U.S. Environmental Protection Agency (EPA) contractors performing Government property management responsibilities under EPA contracts. These requirements supplement those contained in the Government Property clause(s) and Part 45 Government Property of the Federal Acquisition Regulation (FAR).

#### 2. Contract Property Administration (CPAR)

a. EPA Delegation. EPA delegates all contract property administration to the EPA Contract Property Coordinator (CPC). The delegations apply to all EPA contracts issued with or that have the potential to receive, purchase or acquire Government Property or include the Government Property clauses. In addition to administering all contract property, the CPC provides technical expertise and assistance to the Contracting Officer (CO) and Contracting Officer Technical Representative (COTR) relative to Government Property.

b. DCMA Re-delegation. The CPC may request support for contract property management oversight, including property administration and plant clearance, from the Defense Contract Management Agency (DCMA). If DCMA agrees to provide support, DCMA will notify the contractor of the assigned property administrator (PA) and plant clearance officer (PLCO). The DCMA PA is available to the contractor for assistance in all matters of property administration. Notwithstanding the delegation, as necessary, the contractor may contact the EPA CO. In the event of a disagreement between the contractor and the DCMA

PA, the contractor should seek resolution from the CO. Unless, otherwise directed in the contract, or this document, all originals of written information or reports, except direct correspondence between the contractor and the DCMA PA, relative to Government property, should be forwarded to the administrative CO assigned to this contract and the CPC.

c. Disagreements. Notwithstanding the delegation(s), as necessary, the contractor may contact the CO. In the event of a disagreement between the contractor and the PA or the CPC the contractor should seek resolution from the CO.

### 3. Requests for Government Property.

In accordance with FAR 45.102, the contractor shall furnish all property required for performing Government contracts. If a contractor believes that Government property is required for performance of the contract, the contractor shall submit a written request to the CO. At a minimum, the request shall contain the following elements:

- a. Contract number for which the property is required.
- b. An item(s) description, quantity and estimated cost.
- c. Certification that no like contractor property exists which could be utilized.
- d. A detailed description of the task-related purpose of the property.
- e. Explanation of negative impact if property is not provided by the Government.
- f. Lease versus purchase analysis shall be furnished with the request to acquire property on behalf of the Government, with the exception of requests for material purchases. The contractor may not proceed with acquisition of property on behalf of the Government until receipt of written authorization from the Contracting Officer.

4. Transfer of Government Property. The Contracting Officer initiates the transfer of the government property via a contract modification. The transferor (EPA or another contractor) shall provide to the transferee, the receiving contractor, the information needed to establish and maintain the property records required of FAR 52.245-1, as well as all of the applicable data elements required by Attachment 1 of this clause. The transferee, the receiving contractor, should perform a complete inventory of the property before signing the acceptance document for the property. Accountability will transfer to the receiving contractor upon receipt and acceptance of the property, in accordance with FAR 45.106.

### 5. Records of Government Property.

- a. In accordance with FAR 52.245-1, the contractor shall create and maintain records of all Government property, regardless of value, including property provided to and in the possession of a subcontractor. Material provided by the Government or acquired by the contractor and billed as a direct charge to the contract is Government property and records must be established as such.
- b. The Contractor shall identify all Superfund property and designate it as such both on the item and on the Government property record. If it is not practicable to tag the item, the contractor shall write the ID number on a tag, card or other entity that may be kept with the item or in a file.
- c. Support documentation used for posting entries to the property record shall provide complete, current and auditable data. Entries shall be posted to the record in a timely manner following an action.

d. For Government vehicles, in addition to the data elements required by EPA, the contractor shall also comply with the General Services Administration (GSA) and Department of Energy (DOE) record and report requirements supplied with all EPA provided motor vehicles. If the above requirements were not provided with the vehicle, the contractor shall notify the designated CPC and the Fleet Manager.

e. When Government property is disclosed to be in the management and/or control of the contractor but not provided under any contract, the contractor shall record and report the property in accordance with FAR 52.245-1.

6. Inventories of Government Property. The contractor shall conduct a complete physical inventory of EPA property at least once per year. The contractor shall report the results of the inventory, including any discrepancies, to the CO. Reconciliation of discrepancies shall be completed in accordance with the schedule negotiated with the CO. See section 10 herein, Contract Closeout, for information on final inventories.

7. Reports of Government Property. EPA requires an annual summary report, for each contract, by contract number, of Government property in the contractor's possession. The annual summary is due as of September 30th of each year, and upon contract termination or expiration.

a. For each classification listed on the EPA Property Report form, with the exception of material, the contractor shall provide the total acquisition cost and total quantity. If there are zero items in a classification, or if there is an ending balance of zero, the classification must be listed with zeros in the quantity and acquisition cost columns.

b. For material, the contractor shall provide the total acquisition cost only.

c. Property classified as Plant Equipment, Superfund and Special Test Equipment must be reported on two separate lines. The first line shall include the total acquisition cost and quantity of all items or systems with a unit acquisition cost of \$25,000 or more. The second line shall include the total acquisition cost and quantity of all items with a unit acquisition cost of less than \$25,000.

d. For items comprising a system, which is defined as "a group of interacting items functioning as a complex whole," the contractor may maintain the record as a system noting all components of the system under the main component or maintain individual records for each item. However, for the annual report of Government property the components must be reported as a system with one total dollar amount for the system, if that system total is \$25,000 or more.

e. The reports are to be received at EPA by the CPC by October 5th of each year.

f. Distribution shall be as follows:

Original to: CPC

One copy: CO

g. Contractors are required to comply with GSA and DOE special reporting requirements for motor vehicles. A statement of these requirements will be provided by the EPA Facility Management and Services Division (FMSD) concurrent with receipt of each vehicle.

h. The contractor shall provide detailed reports on an as-needed basis, as may be requested by the CO or the CPC.

8. Disposition of Government Property. The disposition process is composed of three distinct phases: identification, reporting, and final disposition.

a. Identification. The disposition process begins with the contractor identifying Government property that is no longer required for contract performance. Effective contract property management systems provide for identification of excess as it occurs. Once Government property has been determined to be excess to the accountable contract, it must be screened against the contractor's other EPA contracts for further use. If the property may be reutilized, the contractor shall notify the CO in writing. Government property will be transferred via contract modifications to other contracts only when the COs on both the current contract and the receiving contract authorize the transfer.

b. Reporting.

(i) EPA. Government property shall be reported in accordance with FAR 52.245-1. The Standard Form, SF 1428, Inventory Disposal Schedule, provides the format for reporting excess Government property. Instructions for completing and when to use the form may be found at FAR 52.245-1(j). Forward the completed SF 1428 to the CPC. The SF 1428 is available at <http://www.arnet.gov/far/current/html/FormsStandard54.html>. Superfund property must contain a Superfund notification and the following language must be displayed on the form: "Note to CO: Reimbursement to the EPA Superfund is required."

(ii) DCMA. If the EPA contract has been re-delegated to DCMA, the excess items will be entered into the Plant Clearance Automated Reutilization Screening System (PCARSS). Access and information pertaining to this system may be addressed to the DCMA Plant Clearance Officer (PLCO).

c. Disposition Instructions.

(i) Retention. When Government property is identified as excess, the CO may direct the contractor in writing to retain all or part of the excess Government Property under the current contract for possible future requirements.

(ii) Return to EPA. When Government property is identified as excess, the CO may direct the contractor in writing to return those items to EPA inventory. The contractor shall ship/deliver the property in accordance with the instructions provided by the CO.

(iii) Transfer. When Government property is identified as excess, the CO may direct the contractor in writing to transfer the property to another EPA contractor. The contractor shall transfer the property by shipping it in accordance with the instructions provided by the CO. To effect transfer of accountability, the contractor shall provide the recipient of the property with the applicable data elements set forth in Attachment 1 of this clause.

(iv) Sale. If GSA or the DCMA PLCO conducts a sale of the excess Government property, the contractor shall allow prospective bidders access to property offered for sale.

(v) Abandonment. Abandoned property must be disposed of in a manner that does not endanger the health and safety of the public. If the contract is delegated to DCMA and the contractor has input EPA property into the PCARSS system, the EPA Property Utilization Officer (PUO) shall notify the CO. The CO shall notify the contractor in writing of those items EPA would like to retain, have returned or transferred to another EPA contractor. The contractor shall notify the DCMA PLCO and request withdrawal of those items from the inventory schedule. The contractor shall update the Government property record to indicate the disposition of the item and to close the record. The contractor shall also obtain either a signed receipt or proof of shipment from the recipient. The contractor shall notify the CO when all actions pertaining to disposition have been completed. The contractor shall complete an EPA Property report with changes, to include supporting documentation of completed disposition actions and submit it to the CPC.

9. Decontamination. In addition to the requirements of the "Government Property" clause and prior to performing disposition of any EPA Government Property, the contractor shall certify in writing that the property is free from contamination by any hazardous or toxic substances.

10. Contract Closeout. The contractor shall complete a physical inventory of all Government property at contract completion and the results, including any discrepancies, shall be reported to the CO. If the contract is delegated to DCMA, the physical inventory report will be submitted to the EPA CO and a copy submitted to the DCMA PA. In the case of a terminated contract, the contractor shall comply with the inventory requirements set forth in the applicable termination clause. The results of the inventory, as well as a detailed inventory listing, must be forwarded to the CO and if delegated, a copy to the DCMA PA. In order to expedite the disposal process, contractors may be required to, or may elect to submit to the CPC, an inventory schedule for disposal purposes up to six (6) months prior to contract completion. If such an inventory schedule is prepared, the contractor must indicate the earliest date that each item may be disposed. The contractor shall update all property records to show disposal action. The contractor shall notify the CO, and, if delegated, the DCMA PA, in writing, when all work has been completed under the contract and all Government property accountable to the contract has been disposed. The contractor shall complete a FINAL EPA Property report with all supporting documentation to the CPC.

#### Attachment 1

Required Data Element--In addition to the requirements of FAR 52.245-1(f)(vi), Reports of Government Property, the contractor is required to maintain, and report the following data elements for EPA Government property (all elements are not applicable to material):

Name and address of the administrative Contracting Officer; Name of the contractor representative; Business type; Name and address of the contract property coordinator; Superfund (Yes/No); No. of Subcontractor/Alternate Locations.

Note: For items comprising a system which is defined as, "a group of interacting items functioning as a complex whole," the contractor may maintain the record as a system noting all components of the system under the main component or maintain individual records for each item. However, for the Annual Report of Government Property, the components must be reported as a system with one total dollar amount for the system, if that system total is \$25,000 or more.

(End of clause)

#### **G-3 EPAAR 1552.245-71 GOVERNMENT-FURNISHED DATA. (SEP 2009)**

(a) The Government shall deliver to the Contractor the Government-furnished data described in the contract. If the data, suitable for its intended use, is not delivered to the Contractor, the Contracting Officer shall equitably adjust affected provisions of this contract in accordance with the "Changes" clause when:

- (1) The Contractor submits a timely written request for an equitable adjustment; and
- (2) The facts warrant an equitable adjustment.

(b) Title to Government-furnished data shall remain in the Government.

(c) The Contractor shall use the Government-furnished data only in connection with this contract.

(d) The following data will be furnished to the Contractor on or about the time indicated: as applicable in specified work assignments

(End of clause)

#### **G-4 Local Clauses 1552.232-70 SUBMISSION OF INVOICES (JUN 1996) DEVIATION**

In order to be considered properly submitted, an invoice or request for contract financing payment must meet the following contract requirements in addition to the requirements of FAR 32.905:

(a) Unless otherwise specified in the contract, an invoice or request for contract financing payment shall be submitted as an original and five copies. The Contractor shall submit the invoice or request for contract financing payment to the following offices/individuals designated in the contract: the original and two copies to the Accounting Operations Office shown in Block 7 on the cover of the contract; two copies to the Contracting Officer's Representative (the Contracting Officer's Representative may direct one of these copies to a separate address); and one copy to the Contracting Officer.

(b) The Contractor shall prepare its invoice or request for contract financing payment on the prescribed Government forms. Standard Forms Number 1034, Public Voucher for Purchases and Services other than Personal, shall be used by contractors to show the amount claimed for reimbursement. Standard Form 1035, Public Voucher for Purchases and Services other than Personal - Continuation Sheet, shall be used to furnish the necessary supporting detail or additional information required by the Contracting Officer. The Contractor may submit self-designed forms which contain the required information.

(c)(1) The Contractor shall prepare a contract level invoice or request for contract financing payment in accordance with the invoice preparation instructions identified as a separate attachment in Section J of the contract. If contract work is authorized by individual work assignments, the invoice or request for contract financing payment shall also include a summary of the current and cumulative amounts claimed by cost element for each work assignment and for the contract total, as well as any supporting data for each work assignment as identified in the instructions.

(2) The invoice or request for contract financing payment shall include current and cumulative charges by major cost element such as direct labor, overhead, travel, equipment, and other direct costs. For current costs, each major cost element shall include the appropriate supporting schedule identified in the invoice preparation instructions. Cumulative charges represent the net sum of current charges by cost element for the contract period.

(d)(1) The charges for subcontracts shall be further detailed in a supporting schedule showing the major cost elements for each subcontract.

(d)(2) On a case-by-case basis, when needed to verify the reasonableness of subcontractor costs, the Contracting Officer may require that the contractor obtain from the subcontractor cost information in the detail set forth in (c)(2). This information should be obtained through a means which maintains subcontractor confidentiality (for example, via sealed envelopes), if the subcontractor expresses CBI concerns.

(e) Invoices or requests for contract financing payment must clearly indicate the period of performance for which payment is requested. Separate invoices or requests for contract financing payment are required for charges applicable to the basic contract and each option period.

(f)(1) Notwithstanding the provisions of the clause of this contract at FAR 52.216-7, Allowable Cost and Payment, invoices or requests for contract financing payment shall be submitted once per month unless there has been a demonstrated need and Contracting Officer approval for more frequent billings. When submitted on a monthly basis, the period covered by invoices or requests for contractor financing payments shall be the same as the period for monthly progress reports required under this contract.

(2) If the Contracting Officer allows submissions more frequently than monthly, one submittal each month shall have the same ending period of performance as the monthly progress report.

(3) Where cumulative amounts on the monthly progress report differ from the aggregate amounts claimed in the invoice(s) or request(s) for contract financing payments covering the same period, the contractor shall provide a reconciliation of the difference as part of the payment request.

### INVOICE PREPARATION INSTRUCTIONS SF 1034

The information which a contractor is required to submit in its Standard Form 1034 is set forth as follows:

- (1) **U.S. Department, Bureau, or establishment and location** insert the names and address of the servicing finance office unless the contract specifically provides otherwise.
- (2) **Date Voucher Prepared** - insert date on which the public voucher is prepared and submitted.
- (3) **Contract/Delivery Order Number and Date** - insert the number and date of the contract and delivery order, if applicable, under which reimbursement is claimed.
- (4) **Requisition Number and Date** - leave blank.
- (5) **Voucher Number** - insert the appropriate serial number of the voucher. A separate series of consecutive numbers, beginning with Number 1, shall be used by the contractor for each new contract. When an original voucher was submitted, but not paid in full because of suspended costs, resubmission vouchers should be submitted in a separate invoice showing the original voucher number and designated with the letter "R" as the last character of the number. If there is more than one resubmission, use the appropriate suffix (R2, R3, etc.)
- (6) **Schedule Number; Paid By; Date Invoice Received** - leave blank.
- (7) **Discount Terms** - enter terms of discount, if applicable.
- (8) **Payee's Account Number** - this space may be used by the contractor to record the account or job number(s) assigned to the contract or may be left blank.
- (9) **Payee's Name and Address** - show the name of the contractor exactly as it appears in the contract and its correct address, except when an assignment has been made by the contractor, or the right to receive payment has been restricted, as in the case of an advance account. When the right to receive payment is restricted, the type of information to be shown in this space shall be furnished by the Contracting Officer.
- (10) **Shipped From; To; Weight Government B/L Number** - insert for supply contracts.
- (11) **Date of Delivery or Service** - show the month, day and year, beginning and ending dates of incurrence of costs claimed for reimbursement. Adjustments to costs for prior periods should identify the period applicable to their incurrence, e.g., revised provisional or final indirect cost rates, award fee, etc.
- (12) **Articles and Services** - insert the following: "For detail, see Standard Form 1035 total amount claimed transferred from Page \_\_\_\_ of Standard Form 1035." Type "COST REIMBURSABLE-PROVISIONAL PAYMENT" or "INDEFINITE QUANTITY/INDEFINITE DELIVERY-PROVISIONAL PAYMENT" on the Interim public vouchers. Type "COST REIMBURSABLE-COMPLETION VOUCHER" or "INDEFINITE QUANTITY/INDEFINITE DELIVERY-COMPLETION VOUCHER" on the Completion public voucher. Type "COST REIMBURSABLE-FINAL VOUCHER" or "INDEFINITE QUANTITY/INDEFINITE DELIVERY-FINAL VOUCHER" on the Final public voucher. Type the following certification, signed by an authorized official, on the face of the Standard Form 1034.

"I certify that all payments requested are for appropriate purposes and in accordance with the agreements set forth in the contract."

\_\_\_\_\_  
(Name of Official)\_\_\_\_\_  
(Title)

- (13) **Quantity; Unit Price** - insert for supply contracts.
- (14) **Amount** - insert the amount claimed for the period indicated in **Date of Delivery or Service** above.

### INVOICE PREPARATION INSTRUCTIONS SF 1035

The information which a contractor is required to submit in its Standard Form 1035 is set forth as follows:

- (1) **U.S. Department, Bureau, or Establishment** - insert the name and address of the servicing finance office.
- (2) **Voucher Number** - insert the voucher number as shown on the Standard Form 1034.
- (3) **Schedule Number** - leave blank.
- (4) **Sheet Number** - insert the sheet number if more than one sheet is used in numerical sequence. Use as many sheets as necessary to show the information required.
- (5) **Number and Date of Order** - insert payee's name and address as in the Standard Form 1034.
- (6) **Articles or Services** - insert the contract number as in the Standard Form 1034.
- (7) **Amount** - insert the latest estimated cost, fee (fixed, base, or award, as applicable), total contract value, and amount and type of fee payable (as applicable).
- (8) **A summary of claimed current and cumulative costs and fee by major cost element.** Include the rate(s) at which indirect costs are claimed and indicate the base of each by identifying the line of costs to which each is applied. The rates invoiced should be as specified in the contract or by a rate agreement negotiated by EPA's Cost Policy and Rate Negotiation Branch.
- (9) The **fee** shall be determined in accordance with instructions appearing in the contract.

NOTE: Amounts claimed on vouchers must be based on records maintained by the contractor to show by major cost element the amounts claimed for reimbursement for each applicable contract. The records must be maintained based on the contractor's fiscal year and should include reconciliations of any differences between the costs incurred per books and amounts claimed for reimbursement. A memorandum record reconciling the total indirect cost(s) claimed should also be maintained.

## SUPPORTING SCHEDULES FOR COST REIMBURSEMENT CONTRACTS

The following backup information is required as an attachment to the invoice as shown by category of cost:

**Direct Labor** - identify by contractor labor category the number of hours, hourly rate and total dollars billed for the period in the invoice.

**Indirect Cost Rates** - identify by cost center, the indirect cost rate, the period, and the cost base to which it is applied.

**Subcontracts** - by subcontractor, provide detailed supporting schedules of each element of cost as provided herein for prime contract costs.

**Other Direct Costs** - identify by item the quantities, unit prices, and total dollars billed.

**Consultants** - by consultant, detailed supporting schedules of each element of cost.

**Contractor Acquired Equipment (if authorized by the contract)** - identify by item the quantities, unit prices, and total dollars billed.

**Contractor Acquired Software (if authorized by the contract)** - identify by item the quantities, unit prices, and total dollars billed.

**Travel** - identify by trip, the number of travelers, the duration of travel, the point of origin, destination, purpose of trip, transportation by unit price, per diem rates on daily basis and total dollars billed.

The manner of breakdown, e.g., work assignment/delivery order basis with/without separate program management, contract period will be specified in the contract instructions.

**NOTE:** Any costs requiring advance consent by the Contracting Officer will be considered improper and will be suspended, if claimed prior to receipt of Contracting Officer consent. Include the total cost claimed for the current and cumulative-to-date periods. After the total amount claimed, provide summary dollar amounts of cumulative costs: (1) suspended as of the date of the invoice; and (2) disallowed on the contract as of the date of the invoice. The amount under (2) shall include costs originally suspended and later disallowed. Also include an explanation of the changes in cumulative costs suspended or disallowed by addressing each adjustment in terms of: voucher number, date, dollar amount, source, and reason for the adjustment. Disallowed costs should be identified in unallowable accounts in the contractor's accounting system.

## SUPPORTING SCHEDULES FOR FIXED-RATE CONTRACTS

The following backup information is required as an attachment to the invoice as shown by category of cost:

**Direct Labor** - identify the number of hours (by contractor labor category and total) and the total direct labor hours billed for the period of the invoice.

**Subcontracts** - identify the major cost elements for each subcontract.

**Other Direct Costs** - when the cost for an individual cost (e.g., photocopying, material and supplies, telephone usage) exceeds \$1,000 per the invoice period, provide a detailed explanation for that cost category

**Indirect Cost Rates** - identify by cost center, the indirect cost rate, the period, and the cost base to which it is applied.

**Contractor Acquired Equipment** - identify by item the quantities, unit prices, and total dollars billed.

Contractor Acquired Software - identify by item the quantities, unit prices, and total dollars billed.

Travel - when travel costs exceed \$2,000 per invoice period, identify by trip, the number of travelers, the duration of travel, the point of origin, destination, purpose of trip, transportation by unit price, per diem rates on daily basis and total dollars billed. Detailed reporting is not required for local travel.

The manner of breakdown, e.g., work assignment/delivery order basis with/without separate program management, contract period will be specified in the contract instructions.

NOTE: Any costs requiring advance consent by the Contracting Officer will be considered improper and will be suspended, if claimed prior to receipt of Contracting Officer consent. Include the total cost claimed for the current and cumulative-to-date periods. After the total amount claimed, provide summary dollar amounts of cumulative costs: (1) suspended as of the date of the invoice; and (2) disallowed on the contract as of the date of the invoice. The amount under (2) shall include costs originally suspended and later disallowed. Also include an explanation of the changes in cumulative costs suspended or disallowed by addressing each adjustment in terms of: voucher number, date, dollar amount, source, and reason for the adjustment. Disallowed costs should be identified in unallowable accounts in the contractor's accounting system.

## RESUBMISSIONS

When an original voucher was submitted, but not paid in full because of suspended costs and after receipt of a letter of removal of suspension, resubmissions of any previously claimed amounts which were suspended should be submitted in a separate invoice showing the original voucher number and designated with the letter "R" with the copy of the removal of suspension notice. The amounts should be shown under the appropriate cost category and include all appropriate supplemental schedules. NOTE: All disallowances must be identified as such in the accounting system through journal entries.

Voucher re-submittals may also occur as a result of: (1) a new indirect cost rate agreement; or (2) adjustments to previously billed direct cost rates due to audit resolution. Such claims should be submitted in a separate invoice or request for contractor financing payment number. They should include supplemental schedules showing the previously adjusted amounts by contract period. If the resubmission is based on a new rate agreement, a copy of the agreement should be attached. Costs must be identified by delivery order or work assignment where appropriate. If the contract is Superfund-related, voucher re-submittals shall also identify the amount claimed against each Superfund site and non-site-specific activity.

## COMPLETION VOUCHERS

Submit a completion voucher when all performance provisions of the contract are physically complete, when the final report (if required) is accepted, and when all direct costs have been incurred and booked. Indirect costs may be claimed at the provisional rates, if final rates are not yet available. Contractors must identify these vouchers by typing "Completion Voucher" next to the voucher number. For contracts separately invoiced by delivery order, provide a schedule showing total costs claimed by delivery order and in total for the contract.

In addition to the completion voucher, the contractor must submit an original and two copies of EPA Form 1900-10, Contractor's Cumulative Claim and Reconciliation showing the total cumulative costs claimed under the contract.

The information which a contractor is required to submit in its EPA Form 1900-10 is set forth as follows:

(1) Contractor's Name and Address - show the name of the contractor exactly as it appears in the contract and its correct address, except when an assignment has been made by the contractor, or the right to receive payment has been restricted, as in the case of an advance account. When the right to receive payment is restricted, the type of information to be shown in this space shall be furnished by the Contracting Officer.

- (2) Contract Number - insert the number of the contract under which reimbursement is claimed.
- (3) First voucher number and completion voucher number.
- (4) Total amount of cost claimed for each cost element category through the completion voucher.
- (5) Total Fee awarded.
- (6) Amount of indirect costs calculated using negotiated final indirect cost rate(s) and/or provisional rate(s) as specified in the contract, if final rate(s) are not yet negotiated for any fiscal period.
- (7) Fiscal year.
- (8) Indirect cost center.
- (9) Appropriate basis for allocation.
- (10) Negotiated final indirect cost rate(s) or provisional indirect cost rate(s).
- (11) Signature.
- (12) Official title.
- (13) Date.

#### FINAL VOUCHER AND CLOSING DOCUMENTS

After completion of the final audit and all suspensions and/or audit exceptions have been resolved as to the final allowable costs and fee, including establishment of final indirect cost rate(s) for all periods the contractor shall prepare a final voucher including any adjustments to vouchered costs necessitated by the final settlement of the contract price. Contractors must identify these vouchers by typing "Final Voucher" next to the voucher number. For contracts separately invoiced by delivery order, provide a schedule showing final total costs claimed by delivery order and in total for the contract. The contractor shall also provide an original and two copies of an updated EPA Form 1900-10, Contractors Cumulative Claim and Reconciliation, showing the total negotiated, cumulative costs for the contract. Indirect costs shall be included at the final negotiated rates.

In addition to the final voucher, the contractor must submit an original and two copies of the Contractor's Release; Assignee's Release, if applicable; the Contractor's Assignment of Refunds, Rebates, Credits and other Amounts; the Assignee's Assignment of Refunds, Rebates, Credits and other Amounts, if applicable; and the Contractor's Affidavit of Waiver of Lien, when required by the contract.

#### **G-5 Local Clauses 1552.242-70 INDIRECT COSTS (APR 1984)**

(a) In accordance with paragraph (d) of the 'Allowable Costs and Payment' clause, the final indirect cost rates applicable to this contract shall be established between the Contractor and the appropriate Government representative (EPA, other Government agency, or auditor), as provided by FAR 42.703(a). EPA's procedures require a Contracting Officer determination of indirect cost rates for its contracts. In those cases where EPA is the cognizant agency (see FAR 42.705-1), the final rate proposal shall be submitted to the cognizant audit activity and to the following:

Environmental Protection Agency  
Chief, Cost Policy and Rate Negotiation Section

Procurement and Contracts Management Division  
 (PM-214F)  
 401 M St., S.W.  
 Washington, D.C. 20460

Where EPA is not the cognizant agency, the final rate proposal shall be submitted to the above-cited address, to the cognizant audit agency, and to the designated Contracting Officer of the cognizant agency. Upon establishment of the final indirect cost rates, the Contractor shall submit an executed Certificate of Current Cost or Pricing Data (see FAR 15.804-4) applicable to the data furnished in connection with the final rates to the cognizant audit agency. The final rates shall be contained in a written understanding between the Contractor and the appropriate Government representative. Pursuant to the 'Allowable Costs and Payment' clause, the allowable indirect costs under this contract shall be obtained by applying the final agreed upon rate(s) to the appropriate bases.

(b) Until final annual indirect cost rates are established for any period, the Government shall reimburse the Contractor at billing rates established by the appropriate Government representative in accordance with FAR 42.704, subject to adjustment when the final rates established. The established billing rates are currently as follows:

Cost Center: (b)(4)  
 Period: Life of the contract until amended  
 Rate: (b)(4)  
 Base: (b)(4)

Cost Center: (b)(4)

The applicable subcontractor rates are hereby incorporated by reference as proposed in the CPFF proposal submitted in response to SOL-CI-15-00018.

These billing rates may be prospectively or retroactively revised by mutual agreement, at the request of either the Government or the Contractor, to prevent substantial overpayment or underpayment.

(1) For any retroactive indirect cost rate adjustments (i.e., indirect costs already billed), including final indirect cost rate adjustments, the Contractor shall provide to the Cost Policy and Rate Negotiation Section, with copies to the current EPA Contracting Officers of active contracts, a cost impact statement showing the effect of the indirect cost rate changes for each contract. This statement shall compare the cost billed to the cost the Contractor proposes to bill.

(2) For prospective indirect cost rate adjustments only, the Contractor shall notify the current EPA Contracting Officers of the new proposed rates when it proposes rates to the cost Policy and Rate Negotiation Section.

(3) For either prospective or retroactive indirect cost rate adjustments, the Contractor shall provide the Cost Policy and Rate Negotiation Section with the names of the current EPA Contracting Officers for the affected contracts.

(c) Notwithstanding the provisions of paragraphs (a) and (b) above, ceilings are hereby established on indirect costs reimbursable under this contract. The Government shall not be obligated to pay the Contractor any additional amount on account of indirect costs in excess of the ceiling rates listed below:

**NONE**

#### **G-6 Local Clauses EPA-G-42-101 CONTRACT ADMINISTRATION REPRESENTATIVES**

Contract-Level Contracting Officers Representatives (CL-COR) for this contract is as follows:

CL-COR:

Shirley Harrison

U.S. EPA Headquarters

Mail Code: 4304T

1200 Pennsylvania Avenue, N.W.  
Washington, D.C. 20460  
Phone: (202)566-1107  
Email: Harrison.shirley@epa.gov

Alternate CL-COR:  
John Ravenscroft  
U.S. EPA Headquarters  
Mail Code: 4304T  
1200 Pennsylvania Avenue, N.W.  
Washington, D.C. 20460  
Phone: (202)566-1101  
Email: Ravenscroft.john@epa.gov

Contracting Officials responsible for administering this contract are as follows:

Administrative Contracting Officer:  
Tammy Adams  
US. EPA CPOD/OWSC  
Mail Code: CPOD/NWD  
26 W. martin Luther King Drive  
Cincinnati, OH 45628  
Phone: (513)487-2030  
Email: Adams.Tammy@epa.gov

**G-7 Local Clauses EPA-G-42-102 AUTHORIZED REPRESENTATIVE OF THE CONTRACT-LEVEL COR**

(a) The Work Assignment COR referenced in the Clause entitled "TECHNICAL DIRECTION (DEVIATION)", is the individual authorized by the Contracting Officer on an individual Work Assignment to:

- (1) receive Work Assignment deliverables;
- (2) receive copies of monthly progress reports specific to the Work Assignment for which the Work Assignment COR is authorized;
- (3) attend meetings with the Contract-Level COR and contractor in order to monitor progress of those Work Assignments for which he/she is cognizant; and
- (4) provide technical direction on those Work Assignments subject to the limitations of the above "TECHNICAL DIRECTION (DEVIATION)" clause.

**G-8 Local Clauses EPA-G-45-101 DESIGNATION OF PROPERTY ADMINISTRATOR**

The property administrator for this contract is as follows:

Ms. Tina Harrison  
[Harrison.tina@epa.gov](mailto:Harrison.tina@epa.gov)  
Phone: 202-564-1095  
U.S. EPA  
1200 Pennsylvania Avenue, NW (M/C/ 3204R)  
Washington, DC 20460

The property administrator is the Contracting Officer's designated representative on property matters. The Contractor shall furnish all required information on property to the property administrator.

## **SECTION H - Special Contract Requirements**

### **H-1 Clauses**

#### **H-1 EPAAR 1552.203-71 DISPLAY OF EPA OFFICE OF INSPECTOR GENERAL HOTLINE POSTER. (AUG 2000)**

(a) For EPA contracts valued at \$1,000,000 or more including all contract options, the contractor shall prominently display EPA Office of Inspector General Hotline posters in contractor facilities where the work is performed under the contract.

(b) Office of Inspector General hotline posters may be obtained from the EPA Office of Inspector General, ATTN: OIG Hotline (2443), 1200 Pennsylvania Avenue, NW, Washington, DC 20460, or by calling (202) 260-5113.

(c) The Contractor need not comply with paragraph (a) of this clause if it has established a mechanism, such as a hotline, by which employees may report suspected instances of improper conduct, and provided instructions that encourage employees to make such reports.

#### **H-2 EPAAR 1552.208-70 PRINTING. (SEP 2012)**

(a) Definitions. "Printing" is the process of composition, plate making, presswork, binding and microform; or the end items produced by such processes and equipment. Printing services include newsletter production and periodicals which are prohibited under EPA contracts.

"Composition" applies to the setting of type by hot-metal casting, photo typesetting, or electronic character generating devices for the purpose of producing camera copy, negatives, a plate or image to be used in the production of printing or microform.

"Camera copy" (or "camera-ready copy") is a final document suitable for printing/duplication.

"Desktop Publishing" is a method of composition using computers with the final output or generation of a camera copy done by a color inkjet or color laser printer. This is not considered "printing." However, if the output from desktop publishing is being sent to a typesetting device (i.e., Linotronic) with camera copy being produced in either paper or negative format, these services are considered "printing."

"Microform" is any product produced in a miniaturized image format, for mass or general distribution and as a substitute for conventionally printed material. Microform services are classified as printing services and include microfiche and microfilm. The contractor may make up to two sets of microform files for archival purposes at the end of the contract period of performance.

"Duplication" means the making of copies on photocopy machines employing electrostatic, thermal, or other processes without using an intermediary such as a negative or plate.

"Requirement" means an individual photocopying task. (There may be multiple requirements under a Work Assignment or Delivery Order. Each requirement would be subject to the duplication limitation of 5,000 copies of one page or 25,000 copies of multiple pages in the aggregate per requirement).

"Incidental" means a draft and/or proofed document (not a final document) that is not prohibited from printing under EPA contracts.

(b) Prohibition. (1) The contractor shall not engage in, nor subcontract for, any printing in connection with the performance of work under this contract. Duplication of more than 5,000 copies of one page or more than 25,000

copies of multiple pages in the aggregate per requirement constitutes printing. The intent of the printing limitation is to eliminate duplication of final documents.

(2) In compliance with EPA Order 2200.4a, EPA Publication Review Procedure, the Office of Communications, Education, and Media Relations is responsible for the review of materials generated under a contract published or issued by the Agency under a contract intended for release to the public.

(c) Affirmative Requirements. (1) Unless otherwise directed by the contracting officer, the contractor shall use double-sided copying to produce any progress report, draft report or final report.

(2) Unless otherwise directed by the contracting officer, the contractor shall use recycled paper for reports delivered to the Agency which meet the minimum content standards for paper and paper products as set forth in EPA's Web site for the Comprehensive Procurement Guidelines at: <http://www.epa.gov/cpg/>.

(d) Permitted Contractor Activities. (1) The prohibitions contained in paragraph (b) do not preclude writing, editing, or preparing manuscript copy, or preparing related illustrative material to a final document (camera-ready copy) using desktop publishing.

(2) The contractor may perform a requirement involving the duplication of less than 5,000 copies of only one page, or less than 25,000 copies of multiple pages in the aggregate, using one color (black), such pages shall not exceed the maximum image size of 10 3/4 by 14 1/4 inches, or 11 by 17 paper stock. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these thresholds, contractors must immediately notify the contracting officer in writing and a waiver must be obtained. Only the Joint Committee on Printing has the authority to grant waivers to the printing requirements. All Agency waiver requests must be coordinated with EPA's Headquarters Printing Management Team, Facilities and Services Division, and with the Office of General Counsel. Duplication services of "incidentals" in excess of the thresholds are allowable.

(3) The contractor may perform a requirement involving the multi-color duplication of no more than 100 pages in the aggregate using color copier technology, such pages shall not exceed the maximum image size of 10 3/4 by 14 1/4 inches, or 11 by 17 paper stock. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these limits, contractors must immediately notify the contracting officer in writing and a waiver must be obtained. Only the Joint Committee on Printing has the authority to grant waivers to the printing requirements. All Agency waiver requests must be coordinated with EPA's Headquarters Printing Management Team, Facilities and Services Division, and with the Office of General Counsel.

(4) The contractor may perform the duplication of no more than a total of 500 units of an electronic information storage device (e.g., CD-ROMs, DVDs, thumb drives 1) (including labeling and packaging) per work assignment or task order/delivery order per contract year. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these thresholds, contractors must immediately notify the contracting officer in writing and a waiver must be obtained. Only the Joint Committee on Printing has the authority to grant waivers to the printing requirements. All Agency waiver requests must be coordinated with EPA's Headquarters Printing Management Team, Facilities and Services Division, and with the Office of General Counsel.

(e) Violations. The contractor may not engage in, nor subcontract for, any printing in connection with the performance of work under the contract. The cost of any printing services in violation of this clause will be disallowed, or not accepted by the Government.

(f) Flowdown Clause. The contractor shall include in each subcontract which may involve a requirement for any printing/duplicating/copying a provision substantially the same as this clause.

(End of clause)

**H-3 EPAAR 1552.209-71 ORGANIZATIONAL CONFLICTS OF INTEREST. (MAY 1994) - ALTERNATE I (MAY 1994)**

(a) The Contractor warrants that, to the best of the Contractor's knowledge and belief, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest, as defined in FAR subpart 9.5, or that the Contractor has disclosed all such relevant information.

(b) Prior to commencement of any work, the Contractor agrees to notify the Contracting Officer immediately that, to the best of its knowledge and belief, no actual or potential conflict of interest exists or to identify to the Contracting Officer any actual or potential conflict of interest the firm may have. In emergency situations, however, work may begin but notification shall be made within five (5) working days.

(c) The Contractor agrees that if an actual or potential organizational conflict of interest is identified during performance, the Contractor will immediately make a full disclosure in writing to the Contracting Officer. This disclosure shall include a description of actions which the Contractor has taken or proposes to take, after consultation with the Contracting Officer, to avoid, mitigate, or neutralize the actual or potential conflict of interest. The Contractor shall continue performance until notified by the Contracting Officer of any contrary action to be taken.

(d) Remedies-The EPA may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to avoid an organizational conflict of interest. If the Contractor was aware of a potential organizational conflict of interest prior to award or discovered an actual or potential conflict after award and did not disclose it or misrepresented relevant information to the Contracting officer, the Government may terminate the contract for default, debar the Contractor from Government contracting, or pursue such other remedies as may be permitted by law or this contract.

(e) The Contractor agrees to insert in each subcontract or consultant agreement placed hereunder provisions which shall conform substantially to the language of this clause, including this paragraph, unless otherwise authorized by the contracting officer.

(End of clause)

**H-4 EPAAR 1552.209-73 NOTIFICATION OF CONFLICTS OF INTEREST REGARDING PERSONNEL. (MAY 1994) - ALTERNATE I (JAN 2015)**

(a) In addition to the requirements of the contract clause entitled "Organizational Conflicts of Interest," the following provisions with regard to employee personnel performing under this contract shall apply until the earlier of the following two dates: the termination date of the affected employee(s) or the expiration date of the contract.

(b) The Contractor agrees to notify immediately the EPA Contracting Officer's Representative and the Contracting Officer of (1) any actual or potential personal conflict of interest with regard to any of its employees working on or having access to information regarding this contract, or (2) any such conflicts concerning subcontractor employees or consultants working on or having access to information regarding this contract, when such conflicts have been reported to the Contractor. A personal conflict of interest is defined as a relationship of an employee, subcontractor employee, or consultant with an entity that may impair the objectivity of the employee, subcontractor employee, or consultant in performing the contract work.

(c) The Contractor agrees to notify each Contracting Officer's Representative and Contracting Officer prior to incurring costs for that employee's work when an employee may have a personal conflict of interest. In the event that the personal conflict of interest does not become known until after performance on the contract begins, the Contractor shall immediately notify the Contracting Officer of the personal conflict of interest. The Contractor shall continue performance of this contract until notified by the Contracting Officer of the appropriate action to be taken.

(d) The Contractor agrees to insert in each subcontract or consultant agreement placed hereunder provisions which shall conform substantially to the language of this clause, including this paragraph (d), unless otherwise authorized by the Contracting Officer.

(End of clause)

**H-5 EPAAR 1552.209-74 LIMITATION OF FUTURE CONTRACTING. (APR 2004) ALTERNATE V (HEADQUARTERS SUPPORT) (APR 2004)**

(a) The parties to this contract agree that the Contractor will be restricted in its future contracting in the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for contracts on an equal basis with other companies.

(b) If the Contractor, under the terms of this contract, or through the performance of work pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are incorporated into an EPA solicitation, the Contractor shall be ineligible to perform the work described in that solicitation as a prime Contractor or subcontractor under an ensuing EPA contract.

(c) The Contractor and any subcontractors, during the life of this contract, will be ineligible to enter into business or financial relationships which would support or affect any efforts to overturn or circumvent limitations, regulations, guidelines, standards, and/or criteria relating to the Safe Drinking Water Act, and the Clean Water Act, for which it has provided, is providing, or has work assignments to provide technical and administrative support under this contract, without prior written authorization from the cognizant EPA Contracting Officer.

(d) The Contractor agrees in advance that if any bids/proposals are submitted for any work that would require written approval of the Contracting Officer prior to entering into a contract subject to the restrictions of this clause, then the bids/proposals are submitted at the Contractor's own risk. Therefore, no claim shall be made against the Government to recover bid/proposal costs as a direct cost whether the request for authorization to enter into the contract is denied or approved.

(e) To the extent that the work under this contract requires access to proprietary or confidential business or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure.

(f) The Contractor agrees to insert in each subcontract or consultant agreement placed hereunder, except for subcontracts or consultant agreements for nondiscretionary technical or engineering services, including treatability studies, well drilling, fence erecting, plumbing, utility hookups, security guard services, or electrical services, provisions which shall conform substantially to the language of this clause, including this paragraph (f) unless otherwise authorized by the Contracting Officer. The Contractor may request in writing that the Contracting Officer exempt from this clause a particular subcontract or consultant agreement for nondiscretionary technical or engineering services not specifically listed above, including laboratory analysis. The Contracting Officer will review and evaluate each request on a case-by-case basis before approving or disapproving the request.

(g) If the Contractor seeks an expedited decision regarding its initial future contracting request, the Contractor may submit its request to both the Contracting Officer and the next administrative level within the Contracting Officer's organization.

(h) A review process available to the Contractor when an adverse determination is received shall consist of a request for reconsideration to the Contracting Officer or a request for review submitted to the next administrative level within the Contracting Officer's organization. An adverse determination resulting from a request for reconsideration by the Contracting Officer will not preclude the Contractor from requesting a review by the next administrative level. Either a request for review or a request for reconsideration must be submitted to the appropriate level within 30 calendar days after receipt of the initial adverse determination.

(End of clause)

# **H-6 EPAAR 1552.217-71 OPTION TO EXTEND THE TERM OF THE CONTRACT-COST-TYPE CONTRACT. (APR 1984)**

The Government has the option to extend the term of this contract for 4 additional period(s). If more than 60 days remain in the contract period of performance, the Government, without prior written notification, may exercise this option by issuing a contract modification. To exercise this option within the last 60 days of the period of performance, the Government must provide to the Contractor written notification prior to that last 60-day period. This preliminary notification does not commit the Government to exercising the option. The Government's estimated level of effort is 11,000 direct labor hours for the Base, and Option Periods 1 through Option Period 4.

(a) The "Period of Performance" clause will be amended to cover a base period and option periods:

<u>Period</u>	<u>Start Date</u>	<u>End Date</u>
Base Period	effective date	06/30/2017
Option Period 1	7/01/2017	06/30/2018
Option Period 2	7/01/2018	06/30/2019
Option Period 3	7/01/2019	06/30/2020
Option Period 4	7/01/2020	06/30/2021

(b) Paragraph (a) of the "Level of Effort" clause will be amended to reflect a new and separate level of effort of:

<u>Period</u>	<u>Level of Effort</u>
Base Period	11,000
Option Period 1	11,000
Option Period 2	11,000
Option Period 3	11,000
Option Period 4	11,000

(c) The "Estimated Cost and Fixed Fee" clause will be amended to reflect increased estimated costs and fixed fee for each option period as follows:

	<u>Option 1</u>	<u>Option 2</u>	<u>Option 3</u>	<u>Option 4</u>
Estimated cost	(b)(4)			
Fixed fee				
Total	\$1,219,825	\$1,246,838	\$1,247,768	\$1,287,539

(d) If the contract contains "not to exceed amounts" for elements of other direct costs (ODC), those amounts will be increased as follows: **Not applicable**

(End of clause)

# **H-7 EPAAR 1552.217-73 OPTION FOR INCREASED QUANTITY-COST-TYPE CONTRACT. (JUN 1997)**

(a) By issuing a contract modification, the Government may increase the estimated level of effort by 11,000 direct labor hours during the base period, and each option period. The Government may issue a maximum of 10 orders to increase the level of effort in blocks of 1,100 hours during any given period. The estimated cost and fixed fee of each block of hours is as follows:

<u>Period</u>	<u>Level of Effort</u>
Base Period	11,000
Option Period 1	11,000
Option Period 2	11,000
Option Period 3	11,000
Option Period 4	11,000

	<b>Base Period</b>	<b>Option 1</b>	<b>Option 2</b>	<b>Option 3</b>	<b>Option 4</b>
Estimated cost	(b)(4)				
Fixed Fee					
Total	\$1,193,405	\$1,219,825	\$1,246,838	\$1,247,768	\$1,287,539

(b) When these options are exercised, paragraph (a) of the "Level of Effort" clause and the "Estimated Cost and Fixed Fee" clause will be modified accordingly.

(c) If this contract contains "not to exceed amounts" for elements of other direct costs (ODCs), those amounts will be increased as follows: **Not Applicable**

(End of clause)

#### **H-8 EPAAR 1552.227-76 PROJECT EMPLOYEE CONFIDENTIALITY AGREEMENT. (MAY 1994) - ALTERNATE I (JAN 2015)**

(a) The Contractor recognizes that Contractor employees in performing this contract may have access to data, either provided by the Government or first generated during contract performance, of a sensitive nature which should not be released to the public without Environmental Protection Agency (EPA) approval. Therefore, the Contractor agrees to obtain confidentiality agreements from all of its employees working on requirements under this contract.

(b) Such agreements shall contain provisions which stipulate that each employee agrees that the employee will not disclose, either in whole or in part, to any entity external to EPA, the Department of Justice, or the Contractor, any information or data (as defined in FAR Section 27.401) provided by the Government or first generated by the Contractor under this contract, any site-specific cost information, or any enforcement strategy without first obtaining the written permission of the EPA Contracting Officer. If a contractor, through an employee or otherwise, is subpoenaed to testify or produce documents, which could result in such disclosure, the Contractor must provide immediate advance notification to the EPA so that the EPA can authorize such disclosure or have the opportunity to take action to prevent such disclosure. Such agreements shall be effective for the life of the contract and for a period of five (5) years after completion of the contract.

(c) The EPA may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to prevent the unauthorized disclosure of information to outside entities. If such a disclosure occurs without the written permission of the EPA Contracting Officer, the Government may terminate the contract, for default or convenience, or pursue other remedies as may be permitted by law or this contract.

(d) The Contractor agrees to insert in each subcontract or consultant agreement placed hereunder provisions which shall conform substantially to the language of this clause, including this paragraph (d), unless otherwise authorized by the Contracting Officer.

(End of clause)

#### **H-9 EPAAR 1552.228-70 INSURANCE LIABILITY TO THIRD PERSONS. (OCT 2000)**

(a)(1) Except as provided in subparagraph (2) below, the Contractor shall provide and maintain workers' compensation, employer's liability, comprehensive general liability (bodily injury), and comprehensive automobile liability (bodily injury and property damage) insurance, and such other insurance as the Contracting officer may require under this contract.

(2) The Contractor may, with the approval of the Contracting officer, maintain a self-insurance program; provided that, with respect to workers' compensation, the Contractor is qualified pursuant to statutory authority.

(3) All insurance required by this paragraph shall be in a form and amount and for those periods as the Contracting officer may require or approve and with insurers approved by the Contracting officer.

(b) The Contractor agrees to submit for the Contracting officer's approval, to the extent and in the manner required by the Contracting officer, any other insurance that is maintained by the Contractor in connection with the performance of this contract and for which the Contractor seeks reimbursement.

(c) The Contractor shall be reimbursed for that portion of the reasonable cost of insurance allocable to this contract, and required or approved under this clause, in accordance with its established cost accounting practices.

(End of clause)

**H-10 EPAAR 1552.235-70 SCREENING BUSINESS INFORMATION FOR CLAIMS OF CONFIDENTIALITY. (APR 1984)**

(a) Whenever collecting information under this contract, the Contractor agrees to comply with the following requirements:

(1) If the Contractor collects information from public sources, such as books, reports, journals, periodicals, public records, or other sources that are available to the public without restriction, the Contractor shall submit a list of these sources to the appropriate program office at the time the information is initially submitted to EPA. The Contractor shall identify the information according to source.

(2) If the Contractor collects information from a State or local Government or from a Federal agency, the Contractor shall submit a list of these sources to the appropriate program office at the time the information is initially submitted to EPA. The Contractor shall identify the information according to source.

(3) If the Contractor collects information directly from a business or from a source that represents a business or businesses, such as a trade association:

(i) Before asking for the information, the Contractor shall identify itself, explain that it is performing contractual work for the U.S. Environmental Protection Agency, identify the information that it is seeking to collect, explain what will be done with the information, and give the following notice:

(A) You may, if you desire, assert a business confidentiality claim covering part or all of the information. If you do assert a claim, the information will be disclosed by EPA only to the extent, and by means of the procedures, set forth in 40 CFR part 2, subpart B.

(B) If no such claim is made at the time this information is received by the Contractor, it may be made available to the public by the Environmental Protection Agency without further notice to you.

(C) The contractor shall, in accordance with FAR part 9, execute a written agreement regarding the limitations of the use of this information and forward a copy of the agreement to the Contracting Officer.

(ii) Upon receiving the information, the Contractor shall make a written notation that the notice set out above was given to the source, by whom, in what form, and on what date.

(iii) At the time the Contractor initially submits the information to the appropriate program office, the Contractor shall submit a list of these sources, identify the

information according to source, and indicate whether the source made any confidentiality claim and the nature and extent of the claim.

(b) The Contractor shall keep all information collected from nonpublic sources confidential in accordance with the clause in this contract entitled "Treatment of Confidential Business Information" as if it had been furnished to the Contractor by EPA.

(c) The Contractor agrees to obtain the written consent of the Contracting Officer, after a written determination by the appropriate program office, prior to entering into any subcontract that will require the subcontractor to collect information. The Contractor agrees to include this clause, including this paragraph (c), and the clause entitled "Treatment of Confidential Business Information" in all subcontracts awarded pursuant to this contract that require the subcontractor collect information.

(End of clause)

#### **H-11 EPAAR 1552.235-71 TREATMENT OF CONFIDENTIAL BUSINESS INFORMATION. (APR 1984)**

(a) The Contracting Officer, after a written determination by the appropriate program office, may disclose confidential business information to the Contractor necessary to carry out the work required under this contract. The Contractor agrees to use the confidential information only under the following conditions:

(1) The Contractor and Contractor's Employees shall: (i) use the confidential information only for the purposes of carrying out the work required by the contract; (ii) not disclose the information to anyone other than EPA employees without the prior written approval of the Assistant General Counsel for Contracts and Information Law; and (iii) return to the Contracting Officer all copies of the information, and any abstracts or excerpts therefrom, upon request by the Contracting Officer, whenever the information is no longer required by the Contractor for the performance of the work required by the contract, or upon completion of the contract.

(2) The Contractor shall obtain a written agreement to honor the above limitations from each of the Contractor's employees who will have access to the information before the employee is allowed access.

(3) The Contractor agrees that these contract conditions concerning the use and disclosure of confidential information are included for the benefit of, and shall be enforceable by, both EPA and any affected business having a proprietary interest in the information.

(4) The Contractor shall not use any confidential information supplied by EPA or obtained during performance hereunder to compete with any business to which the confidential information relates.

(b) The Contractor agrees to obtain the written consent of the Contracting Officer, after a written determination by the appropriate program office, prior to entering into any subcontract that will involve the disclosure of confidential business information by the Contractor to the subcontractor. The Contractor agrees to include this clause, including this paragraph (b), in all subcontracts awarded, pursuant to this contract, that require the furnishing of confidential business information to the subcontractor.

(End of clause)

#### **H-12 EPAAR 1552.235-73 ACCESS TO FEDERAL INSECTICIDE, FUNGICIDE, AND RODENTICIDE ACT CONFIDENTIAL BUSINESS INFORMATION. (APR 1996)**

In order to perform duties under the contract, the Contractor will need to be authorized for access to Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) confidential business information (CBI). The Contractor and all of its employees handling CBI while working under the contract will be required to follow the procedures

contained in the security manual entitled "FIFRA Information Security Manual." These procedures include applying for FIFRA CBI access authorization for each individual working under the contract who will have access to FIFRA CBI, execution of confidentiality agreements, and designation by the Contractor of an individual to serve as a Document Control Officer. The Contractor will be required to abide by those clauses contained in EPAAR 1552.235-70, 1552.235-71, and 1552.235-77 that are appropriate to the activities set forth in the contract.

Until EPA has approved the Contractor's security plan, the Contractor may not be authorized for FIFRA CBI access away from EPA facilities.

(End of provision)

#### **H-13 EPAAR 1552.235-75 ACCESS TO TOXIC SUBSTANCES CONTROL ACT CONFIDENTIAL BUSINESS INFORMATION (APR 1996).**

In order to perform duties under the contract, the Contractor will need to be authorized for access to Toxic Substances Control Act (TSCA) confidential business information (CBI). The Contractor and all of its employees handling CBI while working under the contract will be required to follow the procedures contained in the security manual entitled "TSCA Confidential Business Information Security Manual." These procedures include applying for TSCA CBI access authorization for each individual working under the contract who will have access to TSCA CBI, execution of confidentiality agreements, and designation by the Contractor of an individual to serve as a Document Control Officer. The Contractor will be required to abide by those clauses contained in EPAAR 1552.235-70, 1552.235-71, and 1552.235-78 that are appropriate to the activities set forth in the contract.

Until EPA has inspected and approved the Contractor's facilities, the Contractor may not be authorized for TSCA CBI access away from EPA facilities.

(End of provision)

#### **H-14 EPAAR 1552.235-76 TREATMENT OF CONFIDENTIAL BUSINESS INFORMATION (TSCA). (APR 1996)**

(a) The Project Officer (PO) or his/her designee, after a written determination by the appropriate program office, may disclose confidential business information (CBI) to the Contractor necessary to carry out the work required under this contract. The Contractor agrees to use the CBI only under the following conditions:

- (1) The Contractor and Contractor's employees shall (i) use the CBI only for the purposes of carrying out the work required by the contract; (ii) not disclose the information to anyone other than properly cleared EPA employees without the prior written approval of the Assistant General Counsel for Information Law or his/her designee; and (iii) return the CBI to the PO or his/her designee, whenever the information is no longer required by the Contractor for performance of the work required by the contract, or upon completion of the contract.
- (2) The Contractor shall obtain a written agreement to honor the above limitations from each of the Contractor's employees who will have access to the information before the employee is allowed access.
- (3) The Contractor agrees that these contract conditions concerning the use and disclosure of CBI are included for the benefit of, and shall be enforceable by, both EPA and any affected businesses having a proprietary interest in the information.
- (4) The Contractor shall not use any CBI supplied by EPA or obtained during performance hereunder to compete with any business to which the CBI relates.

(b) The Contractor agrees to obtain the written consent of the CO, after a written determination by the appropriate program office, prior to entering into any subcontract that will involve the disclosure of CBI by the Contractor to the subcontractor. The Contractor agrees to include this clause, including this paragraph (b), in all subcontracts awarded pursuant to this contract that require the furnishing of CBI to the subcontractor.

(End of clause)

**H-15 EPAAR 1552.235-77 DATA SECURITY FOR FEDERAL INSECTICIDE, FUNGICIDE AND RODENTICIDE ACT CONFIDENTIAL BUSINESS INFORMATION. (DEC 1997)**

The Contractor shall handle Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) confidential business information (CBI) in accordance with the contract clause entitled "Treatment of Confidential Business Information" and "Screening Business Information for Claims of Confidentiality," the provisions set forth below, and the Contractor's approved detailed security plan.

(a) The Project Officer (PO) or his/her designee, after a written determination by the appropriate program office, may disclose FIFRA CBI to the contractor necessary to carry out the work required under this contract. The Contractor shall protect all FIFRA CBI to which it has access (including CBI used in its computer operations) in accordance with the following requirements:

(1) The Contractor and Contractor's employees shall follow the security procedures set forth in the FIFRA Information Security Manual. The manual may be obtained from the Project Officer (PO) or the Chief, Information Services Branch (ISB), Program Management and Support Division, Office of Pesticide Programs (OPP) (H7502C), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

(2) The Contractor and Contractor's employees shall follow the security procedures set forth in the Contractor's security plan(s) approved by EPA.

(3) Prior to receipt of FIFRA CBI by the Contractor, the Contractor shall ensure that all employees who will be cleared for access to FIFRA CBI have been briefed on the handling, control, and security requirements set forth in the FIFRA Information Security Manual.

(4) The Contractor Document Control Officer (DCO) shall obtain a signed copy of the FIFRA "Contractor Employee Confidentiality Agreement" from each of the Contractor's employees who will have access to the information before the employee is allowed access.

(b) The Contractor agrees that these requirements concerning protection of FIFRA CBI are included for the benefit of, and shall be enforceable by, both EPA and any affected business having a proprietary interest in the information.

(c) The Contractor understands that CBI obtained by EPA under FIFRA may not be disclosed except as authorized by the Act, and that any unauthorized disclosure by the Contractor or the Contractor's employees may subject the Contractor and the Contractor's employees to the criminal penalties specified in FIFRA (7 U.S.C. 136h(f)). For purposes of this contract, the only disclosures that EPA authorizes the Contractor to make are those set forth in the clause entitled "Treatment of Confidential Business Information."

(d) The Contractor agrees to include the provisions of this clause, including this paragraph (d), in all subcontracts awarded pursuant to this contract that require the furnishing of CBI to the subcontractor.

(e) At the request of EPA or at the end of the contract, the Contractor shall return to the EPA PO or his/her designee all documents, logs, and magnetic media which contain FIFRA CBI. In addition, each Contractor employee who has received FIFRA CBI clearance will sign a "Confidentiality Agreement for Contractor

Employees Upon Relinquishing FIFRA CBI Access Authority." The Contractor DCO will also forward those agreements to the EPA PO or his/her designee, with a copy to the CO, at the end of the contract.

(f) If, subsequent to the date of this contract, the Government changes the security requirements, the CO shall equitably adjust affected provisions of this contract, in accordance with the "Changes" clause when:

- (1) The Contractor submits a timely written request for an equitable adjustment; and
- (2) The facts warrant an equitable adjustment.

(End of clause)

**H-16 EPAAR 1552.235-78 DATA SECURITY FOR TOXIC SUBSTANCES CONTROL ACT  
CONFIDENTIAL BUSINESS INFORMATION. (DEC 1997)**

The Contractor shall handle Toxic Substances Control Act (TSCA) confidential business information (CBI) in accordance with the contract clause entitled "Treatment of Confidential Business Information" and "Screening Business Information for Claims of Confidentiality."

(a) The Project Officer (PO) or his/her designee, after a written determination by the appropriate program office, may disclose TSCA CBI to the contractor necessary to carry out the work required under this contract. The Contractor shall protect all TSCA CBI to which it has access (including CBI used in its computer operations) in accordance with the following requirements:

- (1) The Contractor and Contractor's employees shall follow the security procedures set forth in the TSCA CBI Security Manual. The manual may be obtained from the Director, Information Management Division (IMD), Office of Pollution Prevention and Toxics (OPPT), U.S. Environmental Protection Agency (EPA), 1200 Pennsylvania Ave., NW., Washington, DC 20460. Prior to receipt of TSCA CBI by the Contractor, the Contractor shall ensure that all employees who will be cleared for access to TSCA CBI have been briefed on the handling, control, and security requirements set forth in the TSCA CBI Security Manual.
- (2) The Contractor shall permit access to and inspection of the Contractor's facilities in use under this contract by representatives of EPA's Assistant Administrator for Administration and Resources Management, and the TSCA Security Staff in the OPPT, or by the EPA Project Officer.
- (3) The Contractor Document Control Officer (DCO) shall obtain a signed copy of EPA Form 7740-6, "TSCA CBI Access Request, Agreement, and Approval," from each of the Contractor's employees who will have access to the information before the employee is allowed access. In addition, the Contractor shall obtain from each employee who will be cleared for TSCA CBI access all information required by EPA or the U.S. Office of Personnel Management for EPA to conduct a Minimum Background Investigation.

(b) The Contractor agrees that these requirements concerning protection of TSCA CBI are included for the benefit of, and shall be enforceable by, both EPA and any affected business having a proprietary interest in the information.

(c) The Contractor understands that CBI obtained by EPA under TSCA may not be disclosed except as authorized by the Act, and that any unauthorized disclosure by the Contractor or the Contractor's employees may subject the Contractor and the Contractor's employees to the criminal penalties specified in TSCA (15 U.S.C. 2613(d)). For purposes of this contract, the only disclosures that EPA authorizes the Contractor to make are those set forth in the clause entitled "Treatment of Confidential Business Information."

(d) The Contractor agrees to include the provisions of this clause, including this paragraph (d), in all subcontracts awarded pursuant to this contract that require the furnishing of CBI to the subcontractor.

(e) At the request of EPA or at the end of the contract, the Contractor shall return to the EPA PO or his/her designee, all documents, logs, and magnetic media which contain TSCA CBI. In addition, each Contractor employee who has received TSCA CBI clearance will sign EPA Form 7740-18, "Confidentiality Agreement for Contractor Employees Upon Relinquishing TSCA CBI Access Authority." The Contractor DCO will also forward those agreements to the EPA OPPT/IMD, with a copy to the CO, at the end of the contract.

(f) If, subsequent to the date of this contract, the Government changes the security requirements, the CO shall equitably adjust affected provisions of this contract, in accordance with the "Changes" clause, when:

- (1) The Contractor submits a timely written request for an equitable adjustment; and,
- (2) The facts warrant an equitable adjustment.

(End of clause)

**H-17 EPAAR 1552.235-79 RELEASE OF CONTRACTOR CONFIDENTIAL BUSINESS INFORMATION. (APR 1996)**

(a) The Environmental Protection Agency (EPA) may find it necessary to release information submitted by the Contractor either in response to this solicitation or pursuant to the provisions of this contract, to individuals not employed by EPA. Business information that is ordinarily entitled to confidential treatment under existing Agency regulations (40 CFR Part 2) may be included in the information released to these individuals. Accordingly, by submission of this proposal or signature on this contract or other contracts, the Contractor hereby consents to a limited release of its confidential business information (CBI).

(b) Possible circumstances where the Agency may release the Contractor's CBI include, but are not limited to the following:

- (1) To other Agency contractors tasked with assisting the Agency in the recovery of Federal funds expended pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. Sec. 9607, as amended, (CERCLA or Superfund);
- (2) To the U.S. Department of Justice (DOJ) and contractors employed by DOJ for use in advising the Agency and representing the Agency in procedures for the recovery of Superfund expenditures;
- (3) To parties liable, or potentially liable, for costs under CERCLA Sec. 107 (42 U.S.C. Sec. 9607), et al, and their insurers (Potentially Responsible Parties) for purposes of facilitating settlement or litigation of claims against such parties;
- (4) To other Agency contractors who, for purposes of performing the work required under the respective contracts, require access to information the Agency obtained under the Clean Air Act (42 U.S.C. 7401 et seq.); the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.); the Safe Drinking Water Act (42 U.S.C. 300f et seq.); the Federal Insecticide, Fungicide and Rodenticide Act (7 U.S.C. 136 et seq.); the Resource Conservation and Recovery Act (42 U.S.C. 6901 et seq.); the Toxic Substances Control Act (15 U.S.C. 2601 et seq.); or the Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. 9601 et seq.);

- (5) To other Agency contractors tasked with assisting the Agency in handling and processing information and documents in the administration of Agency contracts, such as providing both preaward and post award audit support and specialized technical support to the Agency's technical evaluation panels;
- (6) To employees of grantees working at EPA under the Senior Environmental Employment (SEE) Program;
- (7) To Speaker of the House, President of the Senate, or Chairman of a Committee or Subcommittee;
- (8) To entities such as the General Accounting Office, boards of contract appeals, and the Courts in the resolution of solicitation or contract protests and disputes;
- (9) To Agency contractor employees engaged in information systems analysis, development, operation, and maintenance, including performing data processing and management functions for the Agency; and
- (10) Pursuant to a court order or court-supervised agreement.

(c) The Agency recognizes an obligation to protect the contractor from competitive harm that may result from the release of such information to a competitor. (See also the clauses in this document entitled "Screening Business Information for Claims of Confidentiality" and "Treatment of Confidential Business Information.") Except where otherwise provided by law, the Agency will permit the release of CBI under subparagraphs (1), (3), (4), (5), (6), or (9) only pursuant to a confidentiality agreement.

(d) With respect to contractors, 1552.235-71 will be used as the confidentiality agreement. With respect to Potentially Responsible Parties, such confidentiality agreements may permit further disclosure to other entities where necessary to further settlement or litigation of claims under CERCLA. Such entities include, but are not limited to accounting firms and technical experts able to analyze the information, provided that they also agree to be bound by an appropriate confidentiality agreement.

(e) This clause does not authorize the Agency to release the Contractor's CBI to the public pursuant to a request filed under the Freedom of Information Act.

(f) The Contractor agrees to include this clause, including this paragraph (f), in all subcontracts at all levels awarded pursuant to this contract that require the furnishing of confidential business information by the subcontractor.

(End of clause)

#### **H-18 EPAAR 1552.235-80 ACCESS TO CONFIDENTIAL BUSINESS INFORMATION. (OCT 2000)**

It is not anticipated that it will be necessary for the contractor to have access to confidential business information (CBI) during the performance of tasks required under this contract. However, the following applies to any and all tasks under which the contractor will or may have access to CBI:

The contractor shall not have access to CBI submitted to EPA under any authority until the contractor obtains from the Project Officer a certification that the EPA has followed all necessary procedures under 40 CFR part 2, subpart B (and any other applicable procedures), including providing, where necessary, prior notice to the submitters of disclosure to the contractor.

(End of clause)

#### **H-19 EPAAR 1552.237-70 CONTRACT PUBLICATION REVIEW PROCEDURES. (APR 1984)**

(a) Material generated under this contract intended for release to the public is subject to the Agency's publication review process in accordance with the EPA Order on this subject and the following.

(b) Except as indicated in paragraph (c) of this contract, the Contractor shall not independently publish or print material generated under this contract until after completion of the EPA review process. The Contracting Officer's Representative will notify the Contractor of review completion within 5 calendar days after the Contractor's transmittal to the Contracting Officer's Representative of material generated under this contract. If the Contractor does not receive Contracting Officer's Representative notification within this period, the Contractor shall immediately notify the Contracting Officer in writing.

(c) The Contractor may publish, in a scientific journal, material resulting directly or indirectly from work performed under this contract, subject to the following:

(1) The Contractor shall submit to the Contracting Officer and the Contracting Officer's Representative, at least 30 days prior to publication, a copy of any paper, article, or other dissemination of information intended for publication.

(2) The Contractor shall include the following statement in a journal article which has not been subjected to EPA review: "Although the research described in this article has been funded wholly or in part by the United States Environmental Protection Agency contract (number) to (Name of Contractor), it has not been subject to the Agency's review and therefore does not necessarily reflect the views of the Agency, and no official endorsement should be inferred."

(3) Following publication of the journal article, the Contractor shall submit five copies of the journal article to the Contracting Officer's Representative, and one copy to the Contracting Officer.

(d) If the Government has completed the review process and agreed that the contract material may be attributed to EPA, the Contractor shall include the following statement in the document:

This material has been funded wholly or in part by the United States Environmental Protection Agency under contract (number) to (name). It has been subject to the Agency's review, and it has been approved for publication as an EPA document. Mention of trade names or commercial products does not constitute endorsement or recommendation for use.

(e) If the Government has completed the review process, but decides not to publish the material, the Contractor may independently publish and distribute the material for its own use and its own expense, and shall include the following statement in any independent publication:

Although the information described in this article has been funded wholly or in part by the United States Environmental Protection Agency under contract (number) to (name), it does not necessarily reflect the views of the Agency and no official endorsement should be inferred.

(End of clause)

## **H-20 EPAAR 1552.237-71 TECHNICAL DIRECTION. (AUG 2009)**

(a) Definitions.

Contracting officer technical representative (COTR), means an individual appointed by the contracting officer in accordance with Agency procedures to perform specific technical and administrative functions.

Task order, as used in this clause, means work assignment, delivery order, or any other document issued by the contracting officer to order work under a service contract.

(b) The Contracting Officer's Representative(s) may provide technical direction on contract or work request performance. Technical direction includes:

- (1) Instruction to the contractor that approves approaches, solutions, designs, or refinements; fills in details; completes the general descriptions of work shifts emphasis among work areas or tasks; and
- (2) Evaluation and acceptance of reports or other deliverables.

(c) Technical direction must be within the scope of work of the contract and any task order there under. The Contracting Officer's Representative(s) does not have the authority to issue technical direction which:

- (1) Requires additional work outside the scope of the contract or task order;
- (2) Constitutes a change as defined in the "Changes" clause;
- (3) Causes an increase or decrease in the estimated cost of the contract or task order;
- (4) Alters the period of performance of the contract or task order; or
- (5) Changes any of the other terms or conditions of the contract or task order.

(d) Technical direction will be issued in writing or confirmed in writing within five (5) days after oral issuance. The contracting officer will be copied on any technical direction issued by the Contracting Officer's Representative.

(e) If, in the contractor's opinion, any instruction or direction by the Contracting Officer's Representative(s) falls within any of the categories defined in paragraph (c) of the clause, the contractor shall not proceed but shall notify the contracting officer in writing within 3 days after receiving it and shall request that the contracting officer take appropriate action as described in this paragraph. Upon receiving this notification, the contracting officer shall:

- (1) Advise the contractor in writing as soon as practicable, but no later than 30 days after receipt of the contractor's notification, that the technical direction is within the scope of the contract effort and does not constitute a change under the "Changes" clause of the contract;
- (2) Advise the contractor within a reasonable time that the government will issue a written modification to the contract; or
- (3) Advise the contractor that the technical direction is outside the scope of the contract and is thereby rescinded.

(f) A failure of the contractor and contracting officer to agree as to whether the technical direction is within the scope of the contract, or a failure to agree upon the contract action to be taken with respect thereto, shall be subject to the provisions of the clause entitled "Disputes" in this contract.

(g) Any action(s) taken by the contractor, in response to any direction given by any person acting on behalf of the government or any government official other than the contracting officer or the Contracting Officer's Representative, shall be at the contractor's risk.

(End of clause)

**H-21 EPAAR 1552.237-72 KEY PERSONNEL. (APR 1984)**

(a) The Contractor shall assign to this contract the following key personnel:

Project Manager	(b)(4)
Senior Toxicologist	(b)(4)
Senior Microbiologist	(b)(4)

(b) During the first ninety (90) days of performance, the Contractor shall make no substitutions of key personnel unless the substitution is necessitated by illness, death, or termination of employment. The Contractor shall notify the Contracting Officer within 15 calendar days after the occurrence of any of these events and provide the information required by paragraph (c) of this clause. After the initial 90-day period, the Contractor shall submit the information required by paragraph (c) to the Contracting Officer at least 15 days prior to making any permanent substitutions.

(c) The Contractor shall provide a detailed explanation of the circumstances necessitating the proposed substitutions, complete resumes for the proposed substitutes, and any additional information requested by the Contracting Officer. Proposed substitutes should have comparable qualifications to those of the persons being replaced. The Contracting Officer will notify the Contractor within 15 calendar days after receipt of all required information of the decision on substitutions. This clause will be modified to reflect any approved changes of key personnel.

(End of clause)

**H-22 EPAAR 1552.237-75 PAPERWORK REDUCTION ACT. (APR 1984)**

If it is established at award or subsequently becomes a contractual requirement to collect identical information from ten (10) or more public respondents, the Paperwork Reduction Act of 1980, 44 U.S.C. 3501 et seq. applies. In that event, the Contractor shall not take any action to solicit information from any of the public respondents until notified in writing by the Contracting officer that the required Office of Management and Budget (OMB) final clearance was received.

(End of clause)

**H-23 EPAAR 1552.237-76 GOVERNMENT-CONTRACTOR RELATIONS. (JUN 1999)**

(a) The Government and the Contractor understand and agree that the services to be delivered under this contract by the contractor to the Government are non-personal services and the parties recognize and agree that no employer-employee relationship exists or will exist under the contract between the Government and the Contractor's personnel. It is, therefore, in the best interest of the Government to afford both parties a full understanding of their respective obligations.

(b) Contractor personnel under this contract shall not:

- (1) Be placed in a position where they are under the supervision, direction, or evaluation of a Government employee.
- (2) Be placed in a position of command, supervision, administration or control over Government personnel, or over personnel of other Contractors under other EPA contracts, or become a part of the Government organization.
- (3) Be used in administration or supervision of Government procurement activities.

(c) Employee relationship. (1) The services to be performed under this contract do not require the Contractor or his/her personnel to exercise personal judgment and discretion on behalf of the Government. Rather the Contractor's personnel will act and exercise personal judgment and discretion on behalf of the Contractor.

(2) Rules, regulations, directives, and requirements that are issued by the U.S. Environmental Protection Agency under its responsibility for good order, administration, and security are applicable to all personnel who enter the Government installation or who travel on Government transportation. This is not to be construed or interpreted to establish any degree of Government control that is inconsistent with a non-personal services contract.

(d) Inapplicability of employee benefits. This contract does not create an employer-employee relationship. Accordingly, entitlements and benefits applicable to such relationships do not apply.

(1) Payments by the Government under this contract are not subject to Federal income tax withholdings.

(2) Payments by the Government under this contract are not subject to the Federal Insurance Contributions Act.

(3) The Contractor is not entitled to unemployment compensation benefits under the Social Security Act, as amended, by virtue of performance of this contract.

(4) The Contractor is not entitled to workman's compensation benefits by virtue of this contract.

(5) The entire consideration and benefits to the Contractor for performance of this contract is contained in the provisions for payment under this contract.

(e) Notice. It is the Contractor's, as well as, the Government's responsibility to monitor contract activities and notify the Contracting Officer if the Contractor believes that the intent of this clause has been or may be violated.

(1) The Contractor should notify the Contracting Officer in writing promptly, within 5 calendar days from the date of any incident that the Contractor considers to constitute a violation of this clause. The notice should include the date, nature and circumstance of the conduct, the name, function and activity of each Government employee or Contractor official or employee involved or knowledgeable about such conduct, identify any documents or substance of any oral communication involved in the conduct, and the estimate in time by which the Government must respond to this notice to minimize cost, delay or disruption of performance.

(2) The Contracting Officer will promptly, within 5 calendar days after receipt of notice, respond to the notice in writing. In responding, the Contracting Officer will either:

(i) Confirm that the conduct is in violation and when necessary direct the mode of further performance,

(ii) Countermand any communication regarded as a violation,

(iii) Deny that the conduct constitutes a violation and when necessary direct the mode of further performance; or

(iv) In the event the notice is inadequate to make a decision, advise the Contractor what additional information is required, and establish the date by which it should be furnished by the Contractor and the date thereafter by which the Government will respond.

(End of clause)

**H-24 LOCAL CLAUSES EPA-H-03-101 PROHIBITION ON CONTRACTING WITH ENTITIES THAT REQUIRE CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS. (APR 2015)**

(a) The Contractor shall not require employees or subcontractors seeking to report fraud, waste, or abuse to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(b) The Contractor shall notify employees that the prohibitions and restrictions of any internal confidentiality agreements covered by this clause are no longer in effect.

(c) The prohibition in paragraph (a) of this clause does not contravene requirements applicable to Standard Form 312, Form 4414, or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(d)(1) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Resolution Appropriations Act, 2015 (Pub. L. 113-235), use of funds appropriated (or otherwise made available) under that or any other Act may be prohibited, if the Government determines that the Contractor is not in compliance with the provisions of this clause.

(2) The Government may seek any available remedies in the event the Contractor fails to comply with the provisions of this clause.

(End of clause)

**H-25 Local Clauses EPA-H-07-103 NOTICE REGARDING PROHIBITED CONTRACTOR ACTIVITIES ON ENVIRONMENTAL PROTECTION AGENCY (EPA CONTRACTS)**

The Contractor shall not perform any of the following activities on behalf of EPA in connection with this contract:

1. The actual preparation of Congressional testimony.
2. The interviewing or hiring of individuals for employment at EPA.
3. Developing and/or writing of Position Descriptions and Performance Standards.
4. The actual determination of Agency policy.
5. Participating as a voting member on a Performance Evaluation Board; participating in and/or attending Award Fee meetings.
6. Preparing Award Fee Letters, even under typing services contracts.
7. The actual preparation of Award Fee Plans.
8. The preparation of documents on EPA Letterhead other than routine administrative correspondence.
9. Reviewing vouchers and invoices for the purposes of determining whether costs, hours, and work performed are reasonable.
10. The preparation of Statements of Work, Work Assignments, Technical Direction Documents, Delivery Orders, or any other work issuance document under a contract that the contractor is performing or may perform. Such a

work issuance document, prepared by an EPA prime contractor under an EPA prime contract for its subcontractor, is exempt from this prohibition.

11. The actual preparation of responses to audit reports from the Inspector General, General Accounting Office, or other auditing entities.

12. Preparing responses to Congressional correspondence.

13. The actual preparation of responses to Freedom of Information Act requests, other than routine, non judgmental correspondence.

14. Any contract which authorizes a contractor to represent itself as EPA to outside parties.

15. Conducting administrative hearings.

16. Reviewing findings concerning the eligibility of EPA employees for security clearances.

17. The actual preparation of an office's official budget request.

#### **H-26 Local Clauses EPA-H-09-107 UNPAID FEDERAL TAX LIABILITY & FELONY CRIMINAL VIOLATION CERTIFICATION (APR 2012)**

(a) In order to meet the requirements of Sections 433 and 434 of Division E of the Consolidated Appropriations Act, 2012 (Pub.L. 112-74); 2013 Continuing Appropriations Resolution (Pub.L. 112-175); Consolidated and Further Continuing Appropriations Act, 2013 (Pub.L. 113-6); Continuing Appropriations Act, 2014 (Pub.L. 113-46), and subsequent relevant appropriations acts, the contractor shall provide the contracting officer a certification whereby the contractor certifies:

(i) It is not a corporation that has been convicted (or had an officer or agent of such corporation acting on behalf of the corporation convicted) of a felony criminal violation under any Federal law within the preceding 24 months; and

(ii) It is not a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

(b) Failure of the contractor to furnish a certification or provide such additional information as requested by the contracting officer may render the contractor ineligible for FY 2012, 2013, 2014 or subsequent FY contract funding.

(c) The contractor has a continuing obligation to update the subject certification as required.

#### **H-27 Local Clauses EPA-H-11-108 SURVEY MANAGEMENT HANDBOOK**

This contract will involve statistical surveys, data collection, using questionnaires, or statistical analysis of survey data. In performance of such tasks, the contractor shall follow the procedures set forth in the EPA's handbook on survey management, which can be found at the following web site:

<http://nepis.epa.gov/Exe/ZyNET.exe/P1005GNB.TXT?ZyActionD=ZyDocument&Client=EPA&Index=2000+Thru+2005&Docs=&Query=&Time=&EndTime=&SearchMethod=1&TocRestrict=n&Toc=&TocEntry=&QField=&QFieldYear=&QFieldMonth=&QFieldDay=&IntQFieldOp=0&ExtQFieldOp=0&XmlQuery=&File=D%3A%5Czyfiles%5CIndex%20Data%5C00thru05%5CTxt%5C00000022%5CP1005GNB.txt&User=ANONYMOUS&Password=anonymous&SortMethod=h%7C-&MaximumDocuments=1&FuzzyDegree=0&ImageQuality=r75g8/r75g8/x150y150g16/i425&Display>

## **H-28 Local Clauses EPA-H-15-101 RELEASE OF COST OR PRICING PROPOSALS OUTSIDE THE GOVERNMENT FOR AUDIT**

Cost or pricing proposals submitted in response to this solicitation may be released outside the Government for audit purposes regardless of whether information contained in such proposals has been claimed or determined to be business confidential. If an outside audit is obtained, the non-Government auditor shall use the information only for audit purposes; shall not disclose any information in the proposals to anyone other than authorized EPA employees without the prior written approval of the Assistant General Counsel responsible for information law matters; and shall return all copies of proposals, as well as any abstracts, to the Government upon completion of the audit. The non-Government auditor shall obtain a written agreement from each of its employees with access to the proposals to honor these limitations prior to allowing the employee access.

## **H-29 LOCAL CLAUSES EPA-H-23-101 ENVIRONMENTALLY PREFERABLE PRACTICES.**

The contractor shall, to the greatest extent practicable, utilize environmentally preferable practices in its course of business. "Environmentally preferable" is defined as products or services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose. This comparison may consider raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the product or service. Consideration of environmentally preferable practices must be consistent with price, performance, availability, and safety conditions.

## **H-30 LOCAL CLAUSES EPA-H-27-102 CONFIDENTIALITY OF INFORMATION.**

Any data that is generated or obtained during contract performance shall be considered confidential, and shall not be disclosed to anyone other than Environmental Protection Agency employees without the prior written approval of the Contracting Officer. Nor shall any such data be used for any other purpose except in connection with this contract. Any data generated or obtained during contract performance shall be delivered to the Government at the request of the Contracting Officer.

## **H-31 LOCAL CLAUSES EPA-H-27-103 APPLICATION OF RIGHTS IN DATA - SPECIAL WORKS CLAUSE**

The Rights in Data--Special Works clause (FAR 52.227-17) shall apply to work assignments or task orders "...that are primarily for the production or compilation of data (other than limited rights data or restricted computer software) for the Government's own use..." or when the Contracting Officer determines that there is a specific need to limit data distribution first produced under a particular work assignment or task order. The Rights in Data--Special Works clause (FAR 52.227-17) shall apply to work assignments or task orders which are included in the examples set forth in FAR 27.405(a)(1) and also to other work assignments or task orders specifically identified by the Contracting Officer.

(End of clause)

## **H-32 Local Clauses EPA-H-28-102 MINIMUM INSURANCE REQUIREMENTS**

As described in FAR 52.228-7, the following are the minimum amounts of insurance required under the contract:

Workers compensation and employer's liability- \$1,000,000

Comprehensive general liability- \$1,000,000

Comprehensive automobile liability- \$1,000,000

### **H-33 Local Clauses EPA-H-31-104 APPROVAL OF CONTRACTOR TRAVEL**

(a) For purposes of this clause, the term "travel" does not include local transportation. "Local Transportation" is defined as travel within 50 miles from the contractor personnel's assigned work location for performance of the contract that does not involve an overnight stay.

(b) Any contractor travel which may be directly charged to the contract must be authorized in advance by the Contract-Level COR. This approval shall be separate from the process associated with the approval of work plans. (See paragraph (f) below).

(c) Travel shall be authorized under this contract only when the travel is required to provide a direct service (including management oversight) or specific product to the Government that is identified in the contract's Statement of Work (and/or any applicable work assignment). The contractor shall identify the need for travel in any work plans submitted and shall clearly identify in an accompanying narrative the relationship of the travel to the direct service required by the Government. Unless/until the Contract-Level COR specifically approves the travel proposed under a work assignment (apart from approval of the remainder of the work assignment- see paragraph (e) below), the contractor shall not perform travel. Travel and associated costs for such travel (lodging, per diem, and incidental expenses) shall be allowable only in accordance with the limitations of FAR 31.205-43 and FAR 31.205-46.

(d) Travel expenses for Federal employees shall not be an allowable cost under this contract. Travel approval shall not be rendered for any personnel (including for example State or local government officials, academicians, etc.) except for employees of the contractor, or an authorized subcontractor or consultant, who are performing a bona fide function to accomplish the Statement of Work.

(e) To obtain the approval for travel, the contractor shall submit a separate written request to the Contract-Level COR for each instance of travel for the contractor (including subcontractors/consultants) that is contemplated as a direct charge under the contract. The request shall include (at a minimum) the following information:

(1) Individual(s) traveling. Identify position and affiliation as a contractor/subcontractor employee or authorized consultant.

(2) Description of circumstances necessitating the travel. Identify the work assignment(s) that will benefit from the travel and detail the correlation of the travel to the requirements of the Statement of Work.

(3) Identify the estimated cost and include a cost breakdown. Explain why this is the most cost effective means to fulfill the contract requirements.

(f) Approval of work plans that include travel as an other direct cost element shall not be construed to mean the travel is approved; i.e., separate approval shall be obtained from the Contract-Level COR.

(g) While on travel, Contractor personnel shall clearly identify corporate affiliation at the start of any meeting. While attending EPA-sponsored meetings, conferences, symposia, etc. or while on a Government site, Contractor personnel shall wear a badge which identifies the individual as a contractor employee. Contractor personnel are strictly prohibited from acting as an official representative of the Agency at meetings, conferences, symposia, etc.

### **H-34 Local Clauses EPA-H-31-105 APPROVAL OF TRAINING**

(a) The contractor shall provide and maintain a qualified staff of personnel to meet the requirements of the Statement of Work. The contractor shall provide training to keep its personnel abreast of changes to the science and/or technology associated with the requirements of the contract. In addition, the contractor shall ensure that its

personnel receive appropriate safety, health and environmental training in accordance with Federal, state and local requirements prior to assigning any task that require such training. The contractor shall provide documentation of such training upon the request of the Contract-Level COR and/or Contracting Officer.

The Government will not directly reimburse the cost for contractor employees to meet or maintain minimal contract requirements or to obtain and sustain an appropriate level of professionalism. Any direct charges for training will only be considered for reimbursement under this contract by compliance with the procedures set forth in paragraph (b) below.

(b) There may be occasions when it is determined to be in the best interest of the Government to reimburse the contractor for the direct cost of training associated with a requirement that represents a unique Government need unrecognized at the time of contract award. When such circumstances occur, the contractor shall secure the Contracting Officer's prior written approval by submitting a written request through the Contract-Level COR that includes, at a minimum the following information:

- (1) Individual to be trained **as identified in applicable work assignments.**
- (2) Description of circumstances necessitating the training. **As identified in applicable work assignments.**
- (3) Estimated cost **as identified in applicable work assignments.**

(c) The Contracting Officer will provide the contractor with written approval or disapproval of the request. Approval of work plans that include training as an other direct cost element shall not be construed to mean the training is approved; i.e., the contractor shall obtain written approval pursuant to the terms of this clause. Training billed as a direct cost shall be disallowed by the Contracting Officer unless approved pursuant to the terms of this clause.

#### **H-35 Local Clauses EPA-H-31-106 EPA-SPONSORED MEETINGS, WORKSHOPS, AND/OR CONFERENCES**

If this contract requires contractor support for an EPA-sponsored meeting, workshop, conference, etc., the following shall apply:

EPA meetings shall be held in Federal facilities whenever available. The EPA Contract-level Contracting Officer's Representative (COR) or Work Assignment COR will determine and advise the contractor as to the availability of Federal facilities.

The allowability of travel costs for contractor personnel and experts, consultants and others hired under subcontracts to provide services to EPA shall be determined under Part 31 of the Federal Acquisition Regulation. The cost of travel, food, lodging, etc., for other conference attendees, including trainees, shall not be an allowable cost under this contract. Travel costs must be approved by the COR.

#### **H-36 Local Clauses EPA-H-42-102 UTILIZATION OF FEDCONNECT FOR CONTRACT ADMINISTRATION**

EPA will utilize the FedConnect® web portal in administering this contract. The contractor must be registered in FedConnect® and have access to the FedConnect website located at <https://www.fedconnect.net/Fedconnect/>. For assistance in registering or for other FedConnect® technical questions please call the FedConnect® Help Desk at (800) 899-6665 or email at [support@fedconnect.net](mailto:support@fedconnect.net).

(End of clause)

## **SECTION I - Contract Clauses**

### **I-1 Clauses**

**I-1 FAR 52.202-1 DEFINITIONS. (NOV 2013)**

**I-2 FAR 52.203-3 GRATUITIES. (APR 1984)**

**I-3 FAR 52.203-5 COVENANT AGAINST CONTINGENT FEES. (MAY 2014)**

**I-4 FAR 52.203-6 RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT. (SEP 2006)**

**I-5 FAR 52.203-7 ANTI-KICKBACK PROCEDURES. (MAY 2014)**

**I-6 FAR 52.203-8 CANCELLATION, RESCISSION, AND RECOVERY OF FUNDS FOR ILLEGAL OR IMPROPER ACTIVITY. (MAY 2014)**

**I-7 FAR 52.203-10 PRICE OR FEE ADJUSTMENT FOR ILLEGAL OR IMPROPER ACTIVITY. (MAY 2014)**

**I-8 FAR 52.203-12 LIMITATION ON PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS. (OCT 2010)**

**I-9 FAR 52.203-13 CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT. (OCT 2015)**

**I-10 FAR 52.203-14 DISPLAY OF HOTLINE POSTER(S). (OCT 2015)**

(a) Definition.

United States, as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) Display of fraud hotline poster(s). Except as provided in paragraph (c)-

(1) During contract performance in the United States, the Contractor shall prominently display in common work areas within business segments performing work under this contract and at contract work sites-

(i) Any agency fraud hotline poster or Department of Homeland Security (DHS) fraud hotline poster identified in paragraph (b)(3) of this clause; and

(ii) Any DHS fraud hotline poster subsequently identified by the Contracting Officer.

(2) Additionally, if the Contractor maintains a company website as a method of providing information to employees, the Contractor shall display an electronic version of the poster(s) at the website.

(3) Any required posters may be obtained as follows:

Poster(s) Obtain from

EPA Hotline Poster may be obtained from: <http://www.epa.gov/oig/hotline/html> or write to EPA Office of Inspector General ATTN: OIG Hotline (2443) 1200 Pennsylvania Avenue, NW Washington, DC 20460

(c) If the Contractor has implemented a business ethics and conduct awareness program, including a reporting mechanism, such as a hotline poster, then the Contractor need not display any agency fraud hotline posters as required in paragraph (b) of this clause, other than any required DHS posters.

(d) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in all subcontracts that exceed \$5.5 million, except when the subcontract-

(1) Is for the acquisition of a commercial item; or

(2) Is performed entirely outside the United States.

(End of clause)

**I-11 FAR 52.203-17 CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS. (APR 2014)**

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

(End of clause)

**I-12 FAR 52.204-4 PRINTED OR COPIED DOUBLE-SIDED ON POSTCONSUMER FIBER CONTENT PAPER. (MAY 2011)**

**I-13 FAR 52.204-10 REPORTING EXECUTIVE COMPENSATION AND FIRST-TIER SUBCONTRACT AWARDS. (OCT 2015)**

**I-14 FAR 52.204-13 SYSTEM FOR AWARD MANAGEMENT MAINTENANCE. (JUL 2013)**

**I-15 FAR 52.204-14 SERVICE CONTRACT REPORTING REQUIREMENTS. (JAN 2014)**

(a) Definition.

First-tier subcontract means a subcontract awarded directly by the Contractor for the purpose of acquiring supplies or services (including construction) for performance of a prime contract. It does not include the Contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a Contractor's general and administrative expenses or indirect costs.

(b) The Contractor shall report, in accordance with paragraphs (c) and (d) of this clause, annually by October 31, for services performed under this contract during the preceding Government fiscal year (October 1-September 30).

(c) The Contractor shall report the following information:

- (1) Contract number and, as applicable, order number.
- (2) The total dollar amount invoiced for services performed during the previous Government fiscal year under the contract.
- (3) The number of Contractor direct labor hours expended on the services performed during the previous Government fiscal year.
- (4) Data reported by subcontractors under paragraph (f) of this clause.

(d) The information required in paragraph (c) of this clause shall be submitted via the internet at [www.sam.gov](http://www.sam.gov). (See SAM User Guide). If the Contractor fails to submit the report in a timely manner, the contracting officer will exercise appropriate contractual remedies. In addition, the Contracting Officer will make the Contractor's failure to comply with the reporting requirements a part of the Contractor's performance information under FAR subpart 42.15.

(e) Agencies will review Contractor reported information for reasonableness and consistency with available contract information. In the event the agency believes that revisions to the Contractor reported information are warranted, the agency will notify the Contractor no later than November 15. By November 30, the Contractor shall revise the report, or document its rationale for the agency.

(f)(1) The Contractor shall require each first-tier subcontractor providing services under this contract, with subcontract(s) each valued at or above the thresholds set forth in 4.1703(a)(2), to provide the following detailed information to the Contractor in sufficient time to submit the report:

- (i) Subcontract number (including subcontractor name and DUNS number); and

- (ii) The number of first-tier subcontractor direct-labor hours expended on the services performed during the previous Government fiscal year.

(2) The Contractor shall advise the subcontractor that the information will be made available to the public as required by section 743 of Division C of the Consolidated Appropriations Act, 2010.

(End of clause)

**I-16 FAR 52.204-19 INCORPORATION BY REFERENCE OF REPRESENTATIONS AND CERTIFICATIONS. (DEC 2014)**

**I-17 FAR 52.209-6 PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS DEBARRED, SUSPENDED, OR PROPOSED FOR DEBARMENT. (OCT 2015)**

**I-18 FAR 52.209-9 UPDATES OF PUBLICLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS. (JUL 2013)**

**I-19 FAR 52.209-10 PROHIBITION ON CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS. (NOV 2015)**

**I-20 FAR 52.210-1 MARKET RESEARCH. (APR 2011)**

**I-21 FAR 52.215-2 AUDIT AND RECORDS - NEGOTIATION. (OCT 2010)**

**I-22 FAR 52.215-8 ORDER OF PRECEDENCE - UNIFORM CONTRACT FORMAT. (OCT 1997)**

**I-23 FAR 52.215-11 PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA - MODIFICATIONS. (AUG 2011)**

**I-24 FAR 52.215-13 SUBCONTRACTOR CERTIFIED COST OR PRICING DATA - MODIFICATIONS. (OCT 2010)**

**I-25 FAR 52.215-15 PENSION ADJUSTMENTS AND ASSET REVERSIONS. (OCT 2010)**

**I-26 FAR 52.215-17 WAIVER OF FACILITIES CAPITAL COST OF MONEY. (OCT 1997)**

**I-27 FAR 52.215-18 REVERSION OR ADJUSTMENT OF PLANS FOR POSTRETIREMENT BENEFITS (PRB) OTHER THAN PENSIONS. (JUL 2005)**

**I-28 FAR 52.215-19 NOTIFICATION OF OWNERSHIP CHANGES. (OCT 1997)**

**I-29 FAR 52.215-21 REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA OTHER THAN CERTIFIED COST OR PRICING DATA - MODIFICATIONS. (OCT 2010) - ALTERNATE IV (OCT 2010)**

(b) Provide information described below: See Cost Proposal Instructions See Attachment 7

**I-30 FAR 52.215-23 LIMITATIONS ON PASS-THROUGH CHARGES. (OCT 2009)**

**I-31 FAR 52.216-7 ALLOWABLE COST AND PAYMENT. (JUN 2013)**

(3) The designated payment office will make interim payments for contract financing on the 30th day after the designated billing office receives a proper payment request.

**I-32 FAR 52.216-8 FIXED FEE. (JUN 2011)**

**I-33 FAR 52.217-8 OPTION TO EXTEND SERVICES. (NOV 1999)**

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 60 days before the end of the performance period.

**I-34 FAR 52.219-4 NOTICE OF PRICE EVALUATION PREFERENCE FOR HUBZONE SMALL BUSINESS CONCERNS. (OCT 2014)**

(a) Definitions. See 13 CFR 125.6(e) for definitions of terms used in paragraph (d).

(b) Evaluation preference. (1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except-

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise successful offers from small business concerns.

(2) The factor of 10 percent shall be applied on a line item basis or to any group of items on which award may be made. Other evaluation factors described in the solicitation shall be applied before application of the factor.

(3) When the two highest rated offerors are a HUBZone small business concern and a large business, and the evaluated offer of the HUBZone small business concern is equal to the evaluated offer of the large business after considering the price evaluation preference, award will be made to the HUBZone small business concern.

(c) Waiver of evaluation preference. A HUBZone small business concern may elect to waive the evaluation preference, in which case the factor will be added to its offer for evaluation purposes. The agreements in paragraphs (d) and (e) of this clause do not apply if the offeror has waived the evaluation preference.

[ ] Offeror elects to waive the evaluation preference.

(d) Agreement. A HUBZone small business concern agrees that in the performance of the contract, in the case of a contract for

(1) Services (except construction), at least 50 percent of the cost of personnel for contract performance will be spent for employees of the concern or employees of other HUBZone small business concerns;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), at least 50 percent of the cost of manufacturing, excluding the cost of materials, will be performed by the concern or other HUBZone small business concerns;

(3) General construction. (i) At least 15 percent of the cost of contract performance to be incurred for personnel will be spent on the prime contractor's employees;

(ii) At least 50 percent of the cost of the contract performance to be incurred for personnel will be spent on the prime contractor's employees or on a combination of the prime contractor's employees and employees of HUBZone small business concern subcontractors;

(iii) No more than 50 percent of the cost of contract performance to be incurred for personnel will be subcontracted to concerns that are not HUBZone small business concerns; or

(4) Construction by special trade contractors. (i) At least 25 percent of the cost of contract performance to be incurred for personnel will be spent on the prime contractor's employees;

(ii) At least 50 percent of the cost of the contract performance to be incurred for personnel will be spent on the prime contractor's employees or on a combination of the prime contractor's employees and employees of HUBZone small business concern subcontractors;

(iii) No more than 50 percent of the cost of contract performance to be incurred for personnel will be subcontracted to concerns that are not HUBZone small business concerns.

(e) A HUBZone joint venture agrees that the aggregate of the HUBZone small business concerns to the joint venture, not each concern separately, will perform the applicable percentage of work requirements.

(f)(1) When the total value of the contract exceeds \$25,000, a HUBZone small business concern nonmanufacturer agrees to furnish in performing this contract only end items manufactured or produced by HUBZone small business concern manufacturers.

(2) When the total value of the contract is equal to or less than \$25,000, a HUBZone small business concern nonmanufacturer may provide end items manufactured by other than a HUBZone small business concern manufacturer provided the end items are produced or manufactured in the United States.

(3) Paragraphs (f)(1) and (f)(2) of this section do not apply in connection with construction or service contracts.

(g) Notice. The HUBZone small business offeror acknowledges that a prospective HUBZone awardee must be a HUBZone small business concern at the time of award of this contract. The HUBZone offeror shall provide the Contracting Officer a copy of the notice required by 13 CFR 126.501 if material changes occur before contract award that could affect its HUBZone eligibility. If the apparently successful HUBZone offeror is not a HUBZone small business concern at the time of award of this contract, the Contracting Officer will proceed to award to the next otherwise successful HUBZone small business concern or other offeror.

(End of clause)

**I-35 FAR 52.219-8 UTILIZATION OF SMALL BUSINESS CONCERNS. (OCT 2014)**

**I-36 FAR 52.219-9 SMALL BUSINESS SUBCONTRACTING PLAN. (OCT 2015) - ALTERNATE II (OCT 2015)**

**I-37 FAR 52.219-16 LIQUIDATED DAMAGES - SUBCONTRACTING PLAN. (JAN 1999)**

**I-38 FAR 52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION. (JUL 2013)**

(a) Definitions. As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

## (3) For long-term contracts-

- (i) Within 60 to 120 days prior to the end of the fifth year of the contract; and
- (ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/content/table-small-business-size-standards>.

(d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation required by paragraph (b) of this clause by validating or updating all its representations in the rerepresentation and certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

The Contractor represents that it \_\_\_ is, \_x\_ is not a small business concern under NAICS Code 541620 assigned to contract number EP-C-16-011.

**I-39 FAR 52.222-2 PAYMENT FOR OVERTIME PREMIUMS. (JUL 1990)**

(a) The use of overtime is authorized under this contract if the overtime premium does not exceed 0. The inserted figure does not apply to the exceptions in subparagraph (a)(1) through (a)(4) of the clause.] or the overtime premium is paid for work-

- (1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of production equipment, or occasional production bottlenecks of a sporadic nature;
- (2) By indirect-labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting;
- (3) To perform tests, industrial processes, laboratory procedures, loading or unloading of transportation conveyances, and operations in flight or afloat that are continuous in nature and cannot reasonably be interrupted or completed otherwise; or
- (4) That will result in lower overall costs to the Government.

(b) Any request for estimated overtime premiums that exceeds the amount specified above shall include all estimated overtime for contract completion and shall-

- (1) Identify the work unit; e.g., department or section in which the requested overtime will be used, together with present workload, staffing, and other data of the affected unit sufficient to permit the Contracting Officer to evaluate the necessity for the overtime;
- (2) Demonstrate the effect that denial of the request will have on the contract delivery or performance schedule;
- (3) Identify the extent to which approval of overtime would affect the performance or payments in connection with other Government contracts, together with identification of each affected contract; and
- (4) Provide reasons why the required work cannot be performed by using multishift operations or by employing additional personnel.

\* Insert either "zero" or the dollar amount agreed to during negotiations. The inserted figure does not apply to the exceptions in subparagraph (a)(1) through (a)(4) of the clause.

**I-40 FAR 52.222-3 CONVICT LABOR. (JUN 2003)**

**I-41 FAR 52.222-21 PROHIBITION OF SEGREGATED FACILITIES. (APR 2015)**

**I-42 FAR 52.222-26 EQUAL OPPORTUNITY. (APR 2015)**

**I-43 FAR 52.222-35 EQUAL OPPORTUNITY FOR VETERANS. (OCT 2015)**

**I-44 FAR 52.222-36 EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES. (JUL 2014)**

**I-45 FAR 52.222-37 EMPLOYMENT REPORTS ON VETERANS. (FEB 2016)**

**I-46 FAR 52.222-40 NOTIFICATION OF EMPLOYEE RIGHTS UNDER THE NATIONAL LABOR RELATIONS ACT. (DEC 2010)**

**I-47 FAR 52.222-50 COMBATING TRAFFICKING IN PERSONS. (MAR 2015)**

**I-48 FAR 52.222-54 EMPLOYMENT ELIGIBILITY VERIFICATION. (OCT 2015)**

**I-49 FAR 52.223-2 AFFIRMATIVE PROCUREMENT OF BIOBASED PRODUCTS UNDER SERVICE AND CONSTRUCTION CONTRACTS. (SEP 2013)**

**I-50 FAR 52.223-6 DRUG-FREE WORKPLACE. (MAY 2001)**

**I-51AR 52.223-9 ESTIMATE OF PERCENTAGE OF RECOVERED MATERIAL CONTENT FOR EPA-DESIGNATED ITEMS. (MAY 2008)**

(a) Definitions. As used in this clause-

"Postconsumer material" means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of "recovered material."

"Recovered material" means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract, shall-

(1) Estimate the percentage of the total recovered material content for EPA-designated item(s) delivered and/or used in contract performance, including, if applicable, the percentage of post-consumer material content; and

(2) Submit this estimate to EPA Contracting Officer identified in the contract.

**I-52 FAR 52.223-17 AFFIRMATIVE PROCUREMENT OF EPA-DESIGNATED ITEMS IN SERVICE AND CONSTRUCTION CONTRACTS. (MAY 2008)**

**I-80 FAR 52.244-2 SUBCONTRACTS. (OCT 2010) - ALTERNATE I (JUN 2007)**

(a) Definitions. As used in this clause-

Approved purchasing system means a Contractor's purchasing system that has been reviewed and approved in accordance with Part 44 of the Federal Acquisition Regulation (FAR).

Consent to subcontract means the Contracting Officer's written consent for the Contractor to enter into a particular subcontract.

Subcontract means any contract, as defined in FAR Subpart 2.1, entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (c) or (d) of this clause.

(c) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that-

(1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(2) Is fixed-price and exceeds-

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of the contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(d) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's written consent before placing the following subcontracts: **NONE**

(e)(1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (b), (c) or (d) of this clause, including the following information:

- (i) A description of the supplies or services to be subcontracted.
- (ii) Identification of the type of subcontract to be used.
- (iii) Identification of the proposed subcontractor.
- (iv) The proposed subcontract price.
- (v) The subcontractor's current, complete, and accurate certified cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions.
- (vi) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract.
- (vii) A negotiation memorandum reflecting-
  - (A) The principal elements of the subcontract price negotiations;
  - (B) The most significant considerations controlling establishment of initial or revised prices;
  - (C) The reason certified cost or pricing data were or were not required;
  - (D) The extent, if any, to which the Contractor did not rely on the subcontractor's certified cost or pricing data in determining the price objective and in negotiating the final price;
  - (E) The extent to which it was recognized in the negotiation that the subcontractor's certified cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;
  - (F) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and
  - (G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) If the Contractor has an approved purchasing system and consent is not required under paragraph (c) or (d) of this clause, the Contractor nevertheless shall notify the Contracting Officer reasonably in advance of entering into any (i) cost-plus-fixed-fee subcontract, or (ii) fixed-price subcontract that exceeds either the simplified acquisition threshold or 5 percent of the total estimated cost of this contract. The notification shall include the information required by paragraphs (e)(1)(i) through (e)(1)(iv) of this clause.

(f) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination-

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this contract; or

(3) To relieve the Contractor of any responsibility for performing this contract.

(g) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR 15.404-4(c)(4)(i).

(h) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement from the Government.

(i) The Government reserves the right to review the Contractor's purchasing system as set forth in FAR Subpart 44.3.

(j) Paragraphs (c) and (e) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:

**Subcontractors:**

(b)(4)

**Consultants:**

(b)(4)

**I-81 FAR 52.244-5 COMPETITION IN SUBCONTRACTING. (DEC 1996)**

**I-82 FAR 52.244-6 SUBCONTRACTS FOR COMMERCIAL ITEMS. (FEB 2016)**

**I-83 FAR 52.245-1 GOVERNMENT PROPERTY. (APR 2012)****I-84 FAR 52.245-9 USE AND CHARGES (APR 2012)****I-85 FAR 52.246-25 LIMITATION OF LIABILITY - SERVICES. (FEB 1997)****I-86 FAR 52.247-1 COMMERCIAL BILL OF LADING NOTATIONS. (FEB 2006)**

When the Contracting Officer authorizes supplies to be shipped on a commercial bill of lading and the Contractor will be reimbursed these transportation costs as direct allowable costs, the Contractor shall ensure before shipment is made that the commercial shipping documents are annotated with either of the following notations, as appropriate:

(a) If the Government is shown as the consignor or the consignee, the annotation shall be:

Transportation is for the U.S. EPA and the actual total transportation charges paid to the carrier(s) by the consignor or consignee are assignable to, and shall be reimbursed by, the Government.

(b) If the Government is not shown as the consignor or the consignee, the annotation shall be:

Transportation is for the U.S. EPA and the actual total transportation charges paid to the carrier(s) by the consignor or consignee shall be reimbursed by the Government, pursuant to cost-reimbursement contract No. EP-C-16-011. This may be confirmed by contacting the EPA Contracting Officer identified in the contract.

**I-87 FAR 52.247-67 SUBMISSION OF TRANSPORTATION DOCUMENTS FOR AUDIT. (FEB 2006)**

(a) The Contractor shall submit to the address identified below, for prepayment audit, transportation documents on which the United States will assume freight charges that were paid-

(1) By the Contractor under a cost-reimbursement contract; and

(2) By a first-tier subcontractor under a cost-reimbursement subcontract thereunder.

(b) Cost-reimbursement Contractors shall only submit for audit those bills of lading with freight shipment charges exceeding \$100. Bills under \$100 shall be retained on-site by the Contractor and made available for on-site audits. This exception only applies to freight shipment bills and is not intended to apply to bills and invoices for any other transportation services.

(c) Contractors shall submit the above referenced transportation documents to: U.S. Environmental Protection Agency Cincinnati Procurement Operations Division Mail Stop: NWD-001 26 W. Martin Luther King Drive Cincinnati, Ohio 45268

**Attachment 1****PERFORMANCE WORK STATEMENT****TECHNICAL AND REGULATORY SUPPORT FOR THE DEVELOPMENT  
OF CRITERIA/LIMITS FOR WATER MEDIA  
(HUMAN HEALTH – MICROBIOLOGY AND TOXICOLOGY EMPHASIS)****INTRODUCTION****1.1 Background**

The mission of the United States Environmental Protection Agency's Office of Water (OW) under the Safe Drinking Water Act (SDWA) and the Clean Water Act (CWA) includes protecting the public health from the adverse effects of pollutants (e.g., natural and anthropogenic chemicals, pathogens and their toxins) in media such as ground and surface waters, drinking water, wastewater, biosolids/sewage sludge, and sediments. In fulfillment of this mission, OW's Office of Science and Technology (OST) conducts ecological and human health risk assessments to support decision-making and develops effluent guidelines, human health criteria, health advisories, screening level benchmarks, maximum contaminant level goals, standards for use or disposal of sewage sludge and other products to support evaluation and control of pollutants in various water media.

**1.2 Purpose of Contract**

This contract will combine both toxicological and microbial support under one contract vehicle to provide technical and regulatory support services to the Health and Ecological Criteria Division (HECD) in OST. The services will include collecting and evaluating the state-of-the-science for specific microbial and toxicological pollutants; assisting HECD in all aspects of the assessment of human health risks from specific microbial and toxicological pollutants; and, providing support for the development of human health water quality criteria, health advisories, screening level benchmarks, maximum contaminant level goals for pollutants in drinking water, implementation guidance support for ambient water quality criteria, and standards for use or disposal of biosolids and other media to support evaluation and control of pollutants. This support includes specific activities such as conducting literature search and performing systematic reviews; synthesizing evidence from peer reviewed literature and guideline studies to support hazard identification and dose response modeling for specific pollutants and groups of pollutants; synthesizing evidence from peer reviewed literature, reports and databases to support exposure assessment, including occurrence and prevalence of pollutants and routes of exposure; providing technical support in computational modeling (e.g., dose response, exposure, fate and transport, infectivity, etc.) for risk prediction, assessment and prioritization; providing statistical analyses of exposure, toxicity and human health data to derive reference values; assessing the

potential impact of pollutants on sensitive populations/life-stages or disadvantaged communities; preparing human health risk assessment documents, technical guidance documents, and technical support documents for regulatory activities; preparing white papers on scientific issues; responding to Agency and external reviewers' comments; assisting and conducting webinars/workshops; and developing communication materials and Federal Register notices in supporting OST/HECD's mission in evaluating pollutants to protect public health.

## **2.0 GENERAL TASKS**

2.1 The Contractor shall furnish all facilities, materials, equipment, and necessary professional, technical, and support personnel to fulfill the purposes of the contract listed in Section 1.0, above, and in support of the general and specific efforts delineated in Sections 2 and 3, below.

2.2 The Contractor shall perform the specific tasks in the PWS in accordance with the appropriate EPA risk assessment guidance and science policy guidance (e.g., guidance on the development of a risk reference dose for a non-carcinogen, 2005 cancer guidelines, microbial risk assessment guidance, etc.), as indicated in a work assignment.

2.3 The Contractor shall submit the initial deliverable to the EPA in draft form for review and comment. The EPA will make all final regulatory, policy, and interpretive decisions resulting from Contractor provided recommendations and technical documents. Required revisions will be provided to the Contractor by the EPA for incorporation into the final documents.

2.4 The Contractor shall possess or have access to appropriate equipment/software to perform mathematical and computational modeling and statistical analyses to conduct all aspects of risk assessment for microbial and toxicological pollutants in support of criteria development, advisories, screening level benchmarks, maximum contaminant level goals, standards for use or disposal of sewage sludge and other products to support evaluation and control of pollutants. The Contractor shall document the modeling efforts, activities, and runs, and provide source codes and appropriate tools/software to the EPA Contracting Officer's Representative (COR) and other persons authorized by the EPA Contracting Officer (CO).

2.5 The Contractor shall develop documents and data bases using EPA standard software (e.g. Word, Excel, Access, and Power Point), as specified in a work assignment and in adherence with Agency IT policy and procedures (see section 4.1). The Contractor may cite the references in the document using standard EPA accepted reference manager software/database. Software documentation shall follow the System Life Cycle Management Procedures and be uploaded into the Registry of EPA Applications and Data (READ).

2.6 The Contractor shall provide logistical and technical support to the EPA during meetings/workshops/webinars/ conference calls which are internal to EPA or with other Federal, state, or non-Federal potential responsible party or facility. The Contractor shall be required to submit meeting minutes and/or summaries of discussions.

2.7 The Contractor shall prepare a Quality Assurance Project Plan (QAPP) for work assignments that require environmental measurements, including the use of secondary data. See Section 3.8 for more discussion on quality system requirements.

The Data Quality Act (also known as the Information Quality Act) requires the EPA to ensure that influential information disseminated by the Agency is sufficiently transparent in terms of data and methods of analysis that the information is capable of being substantially reproduced. To support compliance with these data transparency/ data reproducibility requirements, the EPA may include QAPPs and deliverables prepared by the Contractor as part of any rulemaking record documentation to be made available to the public. The Contractor may claim information in QAPPs as confidential; if the Contractor chooses to do so, the Contractor shall submit a sanitized (i.e., public) version and an unsanitized (i.e., confidential) version at the time the QAPP is submitted for approval by the EPA. If Agency is required to release the QAPP to the public, the sanitized version shall be included in the public docket for the applicable rulemaking (or other docket record), and the unsanitized version shall be included in a non-public (i.e., confidential) portion of the docket (or record).

Information contained in the approved QAPP and other documents prepared by the Contractor for dissemination by the EPA shall be transparent, reproducible and meet the requirements of the Data Quality Act for influential information. The EPA's Guidelines for Ensuring and Maximizing the Quality, Objectivity, Utility, and Integrity, of Information Disseminated by the Environmental Protection Agency (EPA/260R-02-008, October 2002), referred to as "EPA's Information Quality Guidelines," describe EPA procedures for meeting Data Quality Act requirements. Section 6.3 of the EPA's Information Quality Guidelines indicate that "especially rigorous robustness checks" should be applied in circumstances where quality-related information cannot be disclosed due to confidentiality issues. Where applicable, the Contractors should indicate which results were obtained using the tools (SOPs, checklists, and guidelines) that the Contractor designates as confidential so that the EPA WACOR can easily identify the areas that shall require rigorous robustness checks and document that those checks have been performed. At the discretion of the EPA WACOR the Contractor may be requested to prepare pre-dissemination review checklists as described in Section 5.5 of the OW Quality Management Plan (QMP), February 2009 (or as updated). If this is required, the EPA WACOR shall notify the Contractor through written technical direction.

2.8 The Contractor shall comply with the security requirements to access CBI data in accordance with the clauses in Section H of this contract.

2.9 The Contractor shall provide information that will be used by the EPA for quick responses and analyses of options, issues, and policy decisions as they relate to the tasks in this Performance Work Statement (PWS). Quick responses are those that require completion in one to seven days, or as specified in a work assignment. EPA will review results of all Contractor analyses, and make a final determination with regard to program objectives and policy decisions.

2.10 The Contractor shall be able to address and meet the administrative requirements of the Clean Water Act (CWA, a.k.a. the Federal Water Pollution Control Act), the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA, a.k.a. the Superfund), the Resource Conservation and Recovery Act (RCRA), the Safe Drinking Water Act (SDWA), and the Toxic Substances Control Act (TSCA). Where appropriate and required by statute, the Contractor shall possess the necessary business controls to comply with Confidential Business Information (CBI) requirements.

2.11 The Contractor shall comply with the requirements for studies and rulemaking records contained in authorities such as the Administrative Procedures Act, the Paperwork Reduction Act, the Safe Drinking Water Act, the Clean Water Act, OMB Circular A-1 30 for management of Federal Information Resources, and the Federal Rules of Appellate Procedure (Rules 16 and 17, 28 U.S.C. Appendix).

2.12 Environmental Justice Requirements. Executive Order 12898 (Environmental Justice) directs Federal agencies to focus on minority and low-income populations in implementing their programs, policies and activities. Consistent with the Agency's continuing commitment to environmental justice and the fair treatment of all people, the contractor shall notify the EPA COR of minority and low-income population, as well as populations with different patterns of subsistence consumption of fish and wildlife, likely to be affected by a program, policy or activity associated with work done under the contract and, when requested by EPA, shall identify any disproportionately high and adverse human health or environmental effects of the program, policy, or activity of concern on those populations.

### **3.0 SPECIFIC TASKS**

#### **3.1 Risk Assessment**

3.1.1 The Contractor shall conduct hazard identification, dose response analysis, exposure assessment, and risk characterization for microbial and toxicological pollutants according to EPA guidance. The guidance for performing risk assessment and associated activities can be found at

the EPA websites<sup>1,2,3</sup>. The Contractor shall be familiar with the methodological similarities and differences when considering the assessment of human health risks from microbes and chemicals. The Contractor shall possess the technical expertise to perform risk assessments, including problem formulation, hazard identification, exposure analysis, risk characterization and risk communication, for both types of pollutants. The Contractor shall possess technical experience to conduct Quantitative Microbial Risk Assessments (QMRA). Additionally, some pollutants, such as toxins resulting from Harmful Algal Blooms (HABs) are toxicological pollutants from a microbial source. The Contractor shall be knowledgeable of the state of the science concerning HABs. The Contractor shall be familiar with emerging technologies, such as the direct and indirect potable reuse of wastewater and treatment of various water sources (e.g., stormwater and greywater), for supplementing and enhancing traditional water uses. The Contractor shall be familiar with characterizing risk for sensitive subpopulations. The Contractor shall be familiar with environmental justice concepts used by the EPA, how those concepts apply in risk characterization and requirements under Executive Order 12898 (including corresponding Agency policies).

Examples of documents the Contractor shall prepare include: supporting documentation for Contaminant Candidate Lists (CCL) Regulatory Determinations and Six-year Review regulations, health advisories and screening-level benchmarks supporting drinking water regulations, human health criteria for ambient water and criteria supporting documentation, and technical support documents for ambient water quality criteria implementation. Document type, scope and purpose will be specified by the EPA COR. Standard EPA formats for these documents will be provided by the EPA COR.

3.1.2 The Contractor shall prepare summaries of peer-reviewed literature on specific microbial and toxicological pollutants, including occurrence and prevalence, clinical and epidemiological endpoints, virulence and pathogenicity, acute and chronic toxicity, fate and transport in various water media, treatment and attenuation from control processes, etc. The scope of these summaries will be specified in the work assignment.

3.1.2.1 Toxicological emphasis: Each summary shall discuss the test protocol (e.g., endpoints measured; test animal; the number, sex, and species of animals in the control group and dosing groups; the method, frequency, and duration of dosing; and sacrifice and pathology data), and evaluate the test protocol with respect to the EPA guidance as above. Similarly, for epidemiological studies, the Contractor shall evaluate the protocol, type of study (e.g., case-control, ecological, cross-sectional, prospective cohort, or retrospective cohort), analyses and conclusions according to Bradford-Hill criteria. The Contractor shall have familiarity with the

---

<sup>1</sup> <http://www.epa.gov/raf/pubyear.htm>

<sup>2</sup> <http://www.epa.gov/iris/backgrd.html>

<sup>3</sup> <http://water.epa.gov/scitech/swguidance/standards/criteria/health/methodology/index.cfm>

types of analyses performed using epidemiological data and with analysis of epidemiologic study designs. The Contractor shall consider the guidance of utilizing open literature for supporting human health risk assessment<sup>4</sup>. Additional information shall be included, as needed and specified, in the works assignment.

3.1.2.2 Microbial emphasis: Each summary shall discuss, as specified by the EPA WACOR, the characterization of the fecal indicator organism, pathogen or pathogen indicator, including their various sources (i.e., human, zoonotic, and environmental); enumeration methodologies; morbidity, mortality and sequelae of illness; and, available dose-response information. This effort may also include toxic substances of microbial origin, such as cyanotoxins, and genetic material, such as transferrable genes that confer antibiotic resistance. The Contractor shall include information about environmental fate and transport of microbes, including base flow characteristics and wet weather mobilization. Also, information about treatment attenuation in water matrices shall be included when available. The Contractor shall include a synopsis of other empirical or modelled risk estimates.

3.1.3 The Contractor shall prepare a systematic review of the available literature [e.g., epidemiological, microbial, and toxicological information from public databases (e.g., Pub Med)] using standard methodology (e.g., OHAT, GRADIENT, or equivalent, as specified in the work assignment) to support the risk assessment of contaminants in water, sediments, and biosolids. The Contractor shall evaluate the weight of evidence from human, animal, and mechanistic data for identification of critical studies, endpoints, and effects, and support the dose response assessment modeling.

3.1.4 The Contractor shall be able to develop figures, tables, or other graphics to display the array of available data for a chemical or microbial pollutant to assist in risk communication, facilitate the dose-response assessments, and improve the transparency of health effects support documents

3.1.5 The Contractor shall be able to evaluate water quality and health effects data generated from an epidemiology study. The Contractor shall be familiar with the types of data analyses and approaches used with epidemiological data and be able to explain both the approaches and results to technical and nontechnical audiences. Specific to microbes, the Contractor shall be able to evaluate data generated from human- and animal-based dose response studies. This information may include endpoints for infection or illness. The evaluation shall include a complete description of the protocol used to gather the data; analyses of effects observed, including tabulation of all observations; evaluation of the biological significance of endpoints according to EPA published guidelines or other technical documents; statistical analyses of the

---

<sup>4</sup> <http://www.epa.gov/pesticides/science/lit-studies.pdf>

significance of observations; and characterization of exposure-related effects and their implications for human health. The data used for this task will come from environmental measures identified during literature reviews or provided by the EPA COR.

3.1.6 The Contractor shall collate data, prepare screening analyses on hazard identification, exposure and human health risk for chemical and microbial contaminants that will be used to inform decision making and resource prioritization, such as the development of future Contaminant Candidate Lists (CCLs), Six-year Review of the existing national primary drinking water standards, ambient water quality criteria, biennial review of the existing biosolids standards, and in identifying endocrine disrupting compounds and other emerging contaminants (e.g., pharmaceuticals and personal care products).

3.1.7 The Contractor shall be knowledgeable of the various sources of information to inform the exposure analysis within a risk assessment for both microbes and toxics.

3.1.7.1 Toxicological emphasis: The Contractor shall be familiar with the EPA Toxics Release Inventory data base, and other Federal and private release, occurrence and exposure data bases (e.g., USGS, NHANES, FDA TDS, NCOD and Exposure Factors Handbook). The Contractor shall be familiar with the available information from the EPA, USDA, USGS, other governmental agencies and in the scientific literature documenting microbial occurrence, prevalence, and distribution. The Contractor shall document the methodology, assumptions, and rationales used in the analyses to support relative source allocation for chemical and microbial pollutants to generate relative source contribution and developing source apportionment. The EPA will make the final decision concerning a finding based on the appropriate technical information and Agency policy.

3.1.7.2 Microbiological emphasis: The Contractor shall be familiar with and be able to provide analyses of food and water consumption patterns and associated exposure to infectious agents through food and water consumption for the U.S. population. These analyses shall include frequency and amount of water ingested by sex, age, activity, and geographical locations. Data to be analyzed shall include data from the published scientific literature, Federal data collection efforts, State collection efforts, and special studies. The Contractor shall provide analyses of exposure data from the Center for Disease Control (CDC) National Health and Nutrition Examination Survey data base and the EPA National Human Exposure Assessment Survey data base, water quality data from the U.S. Geological Survey and morbidity and mortality data on food and waterborne illnesses from available databases and other sources as deemed appropriate.

3.1.8 The Contractor shall prepare, evaluate, and revise health effects support documents or health advisories. These documents provide information on the criteria that protect human health

from exposure to a chemical or a microbial pollutant in water media, sediments, and biosolids. The Contractor shall document the methodology, assumptions, and rationales used for this task. The EPA will make the final decision concerning a health effects support document, health advisory document, or other risk assessment documents based on the appropriate technical information and Agency policy.

A health effects support document or health advisory document for a pollutant shall address, as specified in a work assignment: (1) physical, biological and chemical properties of the pollutant; (2) occurrence in water and other media, (3) environmental fate and transport; (4) toxicokinetics or pathogenicity; (5) human exposure to the pollutant; (6) health effects in animals and humans; (7) mechanisms of toxicity, or virulence and pathogenicity; (8) magnitude of carcinogenic and non- carcinogenic effects, including the relative source contribution or morbidity, mortality and sequelae of illness; (9) risk characterization, and (10) any other areas set forth in the work assignment. Information from other governmental bodies regarding health effects from the pollutant shall be included, when available.

3.1.9 The Contractor shall provide state of the art technical support in the preparation, and evaluation of critical/controversial issues and shall prepare white paper or regulatory support documents. The paper may include hazard identification, metabolism, exposure assessment, mode of action analysis, dose-response modeling, susceptibility/sensitivity and uncertainty analysis and risk characterization of contaminants to develop human health criteria for various water media (e.g., surface water and drinking water) and biosolids. Additionally, the Contractor shall identify and include information on effective risk management practices and risk reduction approaches, when available. The Contractor shall apply the state-of the-art tools and document the methodology, assumptions, and rationale used for this task. The EPA will make the final decision concerning a technique or methodology based on the appropriate technical information and Agency policy.

3.1.10 The Contractor shall provide rapid-response analyses of human health risk assessment guidelines, results of human health risk assessments, analytical and treatment technology practices and procedures. This includes, among other things, analysis of the impact of criteria on sensitive populations, and analyses of dose response data, pharmacokinetics data, exposure data, and bioaccumulation data.

3.1.11 The Contractor shall prepare, evaluate, and revise technical guidance documents for microbes or chemicals. These documents provide information on the principles for criteria development (e.g., minimum data requirements, assumptions for exposure and occurrence, dose response, and health effects). The Contractor shall document the methodology, assumptions, and rationale used for this task. The EPA will make the final decision concerning a technical guidance document based on the appropriate technical information and Agency policy.

3.1.12 The Contractor shall conduct Monte Carlo or similar statistical uncertainty analyses of pathogenicity data (microbial emphasis), toxicity (toxicological emphasis) or epidemiological endpoint (incidence of adverse health endpoint outcomes) or exposure data, as specified in a work assignment. These analyses shall be completed in accordance with EPA published guidance.

3.1.13 The Contractor shall model the dose response data from humans and animal models for infection and illness (microbiological) and cancer and noncancer (toxicological) endpoints quantification using benchmark dose modeling, Physiologically Based Pharmacokinetic/Biologically Based Dose Response (PBPK/BBDR) modeling, categorical regression or other similar methodologies developed by the Agency, as specified in a work assignment. These analyses shall be completed in accordance with EPA published guidance for the methodology used.

3.1.14 The Contractor shall be knowledgeable about and able to conduct evaluations of the recent advances in microbiology and toxicology.

3.1.14.1 Toxicological emphasis: The Contractor shall provide technical support using validated high throughput toxicity data, adverse outcome pathways, and 21st century toxicity tools (e.g., Toxcast, Expocast, reverse pharmacokinetics tools) for toxicity/exposure/risk prediction to support rapid screening, prioritization and grouping of contaminants in various water matrices, sediments, and biosolids to support the regulatory risk assessment documents. The Contractor shall provide expertise in the cheminformatics, and bioinformatics, in addition to toxicology, biochemistry, molecular biology, epidemiology, physiology, pharmacology, pathology, statistics and quantitative dose response modeling.

3.1.14.2 Microbiological emphasis: The Contractor shall provide technical support for conducting QMRA-related analyses, such as dose-response modeling, uncertainty and variability analyses, statistical constructs for microbial distributions, etc. The Contractor shall be knowledgeable of the latest advances in the detection and enumeration, including molecular and other rapid methodologies, of fecal indicator organisms, microbial sources markers, pathogens, and pathogen indicators, and able to provide technical support for the interpretation of the results from each type of method. The Contractor shall be knowledgeable about microbial community analysis approaches and able to provide technical support for characterizing published results to help inform decision-making. The Contractor shall provide technical support in the area of Harmful Algal Blooms (HABs) and be knowledgeable about the various genera of algae that produce toxins, such as microcystins, and their related adverse health effects. The Contractor shall provide expertise in microbiology, molecular microbial ecology, biostatistics, aquatic biology (cyanobacteria and phytoplankton), epidemiology and public health. The Contractor

shall be knowledgeable of current environmental molecular biological techniques, including environmental gene tracking and those being developed by governmental<sup>5</sup> and academic researchers. The Contractor shall provide soil- and sediment science expertise in addition to the abovementioned microbiological and toxicological capabilities.

3.1.15 Tasks and deliverables described above shall be completed in accordance with EPA published guidelines as specified in 3.1.1 (e.g., carcinogenic risk assessment guidelines, reproductive risk assessment guidelines, developmental risk assessment guidelines, neurotoxicity guidelines, exposure assessment guidelines, risk characterization policy guidelines, benchmark dose guidelines or Monte Carlo guidelines). Links to these guidance materials for assessing and managing environmental risks can be found on EPA's risk assessment portal: <http://www.epa.gov/risk/guidance.htm>

3.1.16 The Contractor shall use the standard software (e.g., Microsoft Office Suite) in preparing the documents, and ensure that the risk assessment documents are technically accurate, adhere to the standard technical editing guidelines and all the references are properly cited and included (The Chicago Manual of Style and the Scientific Style and Format CSE (Council of Science Editors)).

3.1.17 The Contractor shall prepare deliverables that are compliant with Section 508 of the Rehabilitation Act.

## **3.2 Biosolids and manures**

3.2.1 The Contractor shall provide technical support during the preparation, evaluation, and revision of procedures for selecting microbial or chemical pollutants-of-concern in biosolids and manures used for fertilizer, land applied or disposed of, and shall provide technical support during the evaluation of those pollutants. The Contractor shall document the methodology, assumptions, and rationale used for this task. The EPA will make the final decision concerning the procedure used to select pollutants-of-concern and the evaluation of those pollutants based on the appropriate technical information and Agency policy.

3.2.2 The Contractor shall have expertise covering the following areas: the occurrence and prevalence of human and zoonotic pathogens, pathogen surrogates or indicators, and other microbial hazards (e.g., toxins, antibiotic resistance genes) in biosolids and manures; the various treatment options that reduce pathogens or other microbial hazards in biosolids, and their treatment efficacy parameters; and, tools related to conducting exposure pathway risk assessments for pollutants in biosolids and manures applied to the land, placed on a surface

---

<sup>5</sup> For example, see the Dept of Energy's Environmental Molecular Sciences Laboratory at: <http://www.emsl.pnl.gov/capabilities/>

disposal site, or fired in a sewage sludge incinerator. The pathways evaluated for each use or disposal practice shall be the pathways evaluated for each practice when the Standards for the Use or Disposal of Sewage Sludge (40 CFR Part 503) were developed, and other pathways specified in a work assignment. Results of the risk assessments will be used by the EPA to develop standards for use or disposal of sewage sludge.

3.2.3 The Contractor shall prepare, evaluate, and revise technical support documents related to the standards for the use or disposal of biosolids and manures. These documents contain the rationales for the requirements (i.e., risk evaluations, general requirements; standards for use or disposal of biosolids; management practices; operational standards; and frequency of monitoring, record keeping, and reporting requirements) in a sewage sludge use or disposal standard (see 40 CFR Part 503). The Contractor shall document the methodology, assumptions, and rationale used for this task. The EPA will make the final decision concerning a technical support document based on the appropriate technical information and Agency policy.

### **3.3 Statistical and Computational Modeling Support**

3.3.1 The Contractor shall have statistical analyses capabilities to perform analyses of environmental data for microbial and toxicological pollutants to derive descriptive or interpretative statistics.

3.3.2 The Contractor shall provide statistical and computational modeling support in evaluating environmental measures for the development of water quality criteria, maximum contaminant level goals, standards for use or disposal of biosolids and manures, and other program requirements, as specified in a work assignment. Modeling expertise should include PBPK modeling.

3.3.3 The Contractor shall have statistical analysis capability for supporting the cumulative risk assessment of microbial and chemical contaminants in water media and sewage sludge/biosolids.

3.3.4 The contractor shall have the capacity to develop multi-level (i.e., hierarchical) occurrence models for these contaminants, while properly accounting for measurement limitations that may include censored values (below reporting limits), imprecise measurement methods, and discrete or continuous data.

3.3.5 The Contractor shall have experience with EPA's Benchmark Dose software and shall be capable of using the software to model dose-response relationships for chemical pollutants.

3.3.6 The Contractor shall have expertise in tools related to Cheminformatics and Bioinformatics for toxicity prediction for water contaminants with limited animal, human, or epidemiological data.

### **3.4 Administrative Record Support**

The Contractor shall provide data and documentation to be used by the EPA in the analysis of technical issues and options for proposed and final regulations, as specified in a work assignment. Deliverables under this task include data summaries, technical reports, option papers, issue papers, and public and confidential records and files. The Contractor shall describe and document the data gathering activities; display, characterize, and interpret the data and information collected; obtain copies of any references used; and describe all methodologies used. Written reports and corresponding records and files shall be prepared and organized, indexed, and cross-referenced in an administrative record for a proposed or final regulation so that the analyses and conclusions can be reproduced based on the information in the administrative record for a proposed or final regulation. Deliverables shall be compliant with Section 508 of the Rehabilitation Act.

### **3.5 Rule Making Support**

The Contractor shall index and summarize public comments on proposed regulations. Using information provided by the EPA (i.e., typically public comments submitted in response to a proposed regulation, policy document, or information collection request), the Contractor shall prepare an index of issues in the information provided by EPA, and cross reference those issues to the public comments. For technical issues assigned by the EPA COR, the Contractor shall, based on knowledge of the appropriate rule making, prepare draft technical responses to the issues in the public comments including all relevant citations to the administrative record. The EPA will review the draft technical responses, and prepare the final responses to the comments.

### **3.6 Risk Communication and Preparation of Outreach Materials**

3.6.1 The Contractor shall provide the necessary technical writing expertise for preparing deliverables so that the deliverables consist of good quality writing, can be accessible to a wide audience (i.e., nontechnical and technical readers), and can be used to inform decision-making. The Contractor shall be knowledgeable of the different approaches when conveying information to different types of audiences and able to provide tailored deliverable aimed at a specific audience(s) when requested in a work assignment.

3.6.2 The Contractor shall develop outreach materials in support of the tasks in this PWS. These materials include brochures, presentation boards, slide shows, fact sheets, pamphlets, posters, videos, web layouts, and models. The materials shall be developed for use in media events (e.g., press releases). In addition, the Contractor shall provide materials for distribution at presentations. All materials shall be provided in accordance with the limitations set for in the Section H clause titled "PRINTING (EPAAR 1552.208-70)." The Contractor shall provide a

draft of all materials for approval by the EPA COR, and prepare the final materials based on the EPA COR's comments on the draft materials. For print products, the Contractor shall provide a camera-ready copy (or digital equivalent) and Section 508 compliant electronic format that enables the material to be loaded onto the internet. This task only shall be done in direct support of the technical requirements in this PWS.

3.6.3 The Contractor shall provide, when included in a work assignment, a complete and accurate translation of foreign language articles cited in a criteria document, a health advisory, health effects support document, whitepaper or a technical guidance document. Translations shall be performed by experienced scientific translators well versed in chemical, toxicological, statistical, biomedical, or epidemiological terminology. The Contractor shall insure that there are no terminology or language usage ambiguities that make interpretation and analysis of the findings difficult. No translations shall be made without the written approval of the EPA COR.

### **3.7 Arranging and Conducting Workshops**

The Contractor shall provide support in arranging workshops, conferences, training sessions, webinars, and public meetings, and obtaining appropriate individuals to address various issues. Meeting support shall be limited in scope, and cover only those meetings required to address the requirements in this PWS. The Contractor shall arrange travel only in accordance with the authority and limitations in the Section H clause titled "APPROVAL OF CONTRACTOR TRAVEL" (i.e., use of contract funds to reimburse travel is strictly limited to logistical support for speakers, scientists, and experts who contribute directly to the requirements of a task in this PWS). The Contractor shall support EPA by: (1) providing information for meeting agendas, including typing the agendas; (2) preparing drafts of technical information for use in preparing briefing materials; (3) identifying and inviting speakers and experts to participate in a workshop; (4) arranging for meeting space when Government space is not available; (5) arranging for the appropriate audio-visual equipment; (6) providing advance announcements, registration support, visual aid preparation, logistical support, case study preparation, interactive and role-playing activity development; and (7) preparing the minutes of the meeting, including the meeting results and report, for approval by the EPA COR.

### **3.8 Quality System Requirements**

EPA policy requires all organizations conducting EPA-funded environmental programs to establish and implement a quality system. This is accomplished through a Quality Management Plan (QMP) that documents how the organization structures its quality system and describes its quality policies and procedures, criteria for and areas of application, and roles, responsibilities,

and authorities. It also describes an organization's policies and procedures for implementing and assessing the effectiveness of the quality system.<sup>6</sup>

All technical activities performed under this contract must be supported by the Contractor's quality system and documented by the Contractor in a customized Quality Management Plan that documents how the contractor will integrate quality assurance (QA) and quality control (QC) procedures and plans into the wide variety of technical activities contemplated in the PWS.

In addition, all individual projects under the contract that involve environmental data operations must be supported by a Quality Assurance Project Plan (QAPP) that describes the quality assurance procedures, quality control specifications, and other technical activities that must be implemented to ensure that the results of the project to be performed will meet project specifications.

Requirements governing the customized QMP and QAPPs prepared in support of this contract are described below.

### **3.8.1 Customized Quality Management Plan**

A **Quality Management Plan (QMP)** documents how an organization will plan, implement, and assess the effectiveness of its quality assurance (QA) and quality control (QC) operations.

Specifically, it:

- Describes how an organization structures its quality system, the quality policies and procedures, areas of application, and roles, responsibilities, lines of communication and authorities.
- Documents the elements of the organization or program's quality system

The QMP is an organization or program-specific document; it describes the general practices of an organization or program.

A customized QMP is a QMP that is tailored to the requirements in the PWS, and explains how the organization's Quality System will support those specific activities, and it is prepared in accordance with EPA Requirements for Quality Management Plans. The contractor shall annually review, and, if necessary, revise this customized QMP to ensure it accurately reflects its organizational structure and quality system throughout the duration of the contract.

---

<sup>6</sup> See EPA Order CIO 2106.0 - EPA Quality Program Policy; EPA Order CIO 2105.0 (formerly 5360.1 A2) - Policy and Program Requirements for the Mandatory Agency-wide Quality System, May 2000; and EPA Requirements for Quality Management Plans (QA/R-2), March 2001 (Reissued May 2006), EPA/240/B-01/002.

### 3.8.2 Quality Assurance Project Plans

EPA policy requires that an approved QAPP be in place before commencing any work that involves the collection, generation, evaluation, analysis or use of environmental data. The work to be performed by the Contractor under this contract involves such activities.

The Contractor shall prepare and submit a programmatic Quality Assurance Project Plan (p-QAPP) upon the award of the contract. A p-QAPP is used to describe, in a single document, information that is not site or time-specific, but applies throughout the program (i.e., contract). Application-specific information is then added to the approved p-QAPP as that information becomes known or completely defined. This may be accomplished through the use of:

- Supplemental QAPPs (s-QAPPs) prepared for individual work assignments, which are designed to supplement the approved p-QAPP with the additional detail needed to describe the specific goals and objectives of the project or tasks supported under the work assignment and the specific QA strategies and technical activities that will be employed to support the objectives of the work assignment project or task
- OR-
- Traditional QAPPs (t-QAPPs) prepared for individual work assignments, which are designed to serve as stand-alone documents that focus on the goals, objectives, QA strategies, and technical activities needed to support a single work assignment or project.

Note that while the customized QMP documents an organization's management system for the environmental work to be performed under the contract, the p-QAPP documents the technical QA/QC elements needed to support the environmental work that will be performed under contract. Supplemental and traditional QAPPs also document the technical QA/QC elements needed to support the environmental data operations that will be performed, but they do so at the work assignment or project level, rather than at the contract level. Note: Because the p-QAPP is prepared as a contract-level document, it is understood that the details (e.g., specific objectives, analytical methods, and/or acceptance criteria) of specific projects may not be known. In such instances, the contract-wide p-QAPP should document the Contractor's procedures for defining and documenting this information for specific projects or work assignments.

To support requirements specified in the EPA Quality Manual for Environmental Programs (CIO 2105-P-01-0), the Contractor's p-QAPP for this contract must specify that (1) all major deliverables (e.g., Technical Support Documents, Study Reports, Study Plans, etc.) produced by the Contractor under this contract will include a discussion of the QA/QC activities that were or will be performed to support the deliverable, and (2) this discussion will provide a sufficient level of detail to support the EPA's use of the data.

EPA policy requires that an approved QAPP must be in place before any environmental data operations begin. Accordingly, the Contractor shall not incur any billable costs for work that involves the collection, generation, evaluation, analysis or use of environmental data under the contract, unless those activities are covered under an approved p-QAPP, s-QAPP, or t-QAPP.

All QAPPs prepared under the contract, including the p-QAPP, shall be reviewed at least annually to ensure their content continues to be valid and applicable to the program over time. Previously-approved QAPPs that do not specifically address all of the environmental data operations performed under the Work Assignment will require editing and resubmission for approval.

Any QAPP that is approved by the EPA for a Work Assignment issued under this contract will be considered by the EPA to be available in the public domain and may be distributed by the EPA to the public. (See the discussion of “Data Quality Act/Information Quality Guidelines Requirements” Section 3.9 of the PWS)

The Contractor shall ensure that all parts of the organization performing work, including subcontractors (including consultants), are responsible for implementing the approved QAPP and any other QAPP that has been approved by the EPA to support an individual Work Assignment issued under the contract. The Contractor shall also ensure that all personnel involved in the work have access to the latest approved version of the p-QAPP and all other necessary planning documents applicable to the work they are supporting.

The Contractor shall ensure that all personnel in the organization, including subcontractors (including consultants), who are involved in each individual work assignment and task, understand the technical and QA requirements prior to the initiation of data collection, generation, evaluation, analysis, or use activities.

The Contractor must ensure that all personnel, including subcontractors, who develop and review QAPPs prepared in support of this contract have the experience and educational credentials to understand the relevant issues.

The Contractor shall provide all QAPPs prepared under this contract to the EPA COR in electronic form in both a word processing file and a PDF file. When preparing QAPPs under this contract, the Contractor shall do so in accordance with the following documents:

- U.S. EPA QA/R-5, EPA Requirements for Quality Assurance Project Plans, March 2001 (reissued May 2006). EPA/240/B-01/003. <http://www.epa.gov/quality/qs-docs/r5-final.pdf>
- U.S. EPA QA/G-5, Guidance for Quality Assurance Project Plans, December 2002, EPA/240/R-02/009. <http://www.epa.gov/quality/qs-docs/g5-final.pdf>

The contractor also may be asked to comply with other guidance when preparing QAPPs for specific types of activities such as modeling and statistical analyses, environmental surveys, monitoring, generation of GIS data, biological and ecological assessments, etc. Examples of such additional QAPP guidance include:

- U.S. EPA QA/G-5M, Guidance for Quality Assurance Project Plans for Modeling, December 2002, EPA/240/R-02/007 (<http://www.epa.gov/QUALITY/qs-docs/g5m-final.pdf>)
- U.S. EPA Guidance on the Development, Evaluation, and Application of Environmental Models, March 2009, EPA/100/K-09/003 ([http://www.epa.gov/crem/library/cred\\_guidance\\_0309.pdf](http://www.epa.gov/crem/library/cred_guidance_0309.pdf))
- Guidance available in the in New England Regional Library Quality System Documents (<http://www.epa.gov/region1/lab/qa/qualsys.html>); see Modeling and Use of Secondary Data Guidance)
- U.S. EPA QA/G-5S, Guidance on Choosing a Sampling Design for Environmental Data Collection for Use in Developing a Quality Assurance Project Plan, December 2002, EPA/240/R-02/005 (<http://www.epa.gov/QUALITY/qs-docs/g5s-final.pdf>)
- U.S. EPA QA/G-5G Guidance for Geospatial Data Quality Assurance Project Plans, March 2003, EPA/240/R-03/003 (<http://www.epa.gov/QUALITY/qs-docs/g5g-final.pdf>).

### **3.8.3 Reporting Quality Assurance Progress**

When an approved QAPP is in place for any Work Assignment issued under this contract, the Contractor shall be required to include Statements of Quality Assurance Progress in the contractor's monthly progress reports from the time of QAPP approval until the final deliverable necessitating the QAPP is accepted by the EPA.

The Contractor shall also furnish a Quality Assurance Report (QAR) at the time a final technical support document or other final document is provided. The QAR may be a section or chapter of the final document. The QAR will be submitted for review and approval by the WACOR to document the Contractor's QA/QC of the technical effort to produce a defensible deliverable. The Contractor can anticipate including the QAR with other deliverables of the Work Assignment. The WACOR will specify the format the contractor must follow for preparing the QAR in the individual task of the PWS.

## **4.0 Compliance with Information Technology Requirements.**

All work performed under this contract shall adhere to the clause EPAAR 1552.211-79 "Compliance with EPA Policies for Information Resources Management", which requires adherence to all Agency directives for performance of any Information Research Management (IRM) related work. This includes the development of databases and models.

**4.1** All Contractor work shall be in compliance with pertinent Federal and EPA information processing and telecommunications standard and procedural guidelines. The Contractor shall also comply with the Federal Information Processing and Standards (FIPS) and Federal Security Information Management Act (FSIMA), along with its accompanying procedures, published by the National Institute for Standards and Technology (NIST). The Contractor shall also comply with the EPA's technical and operational standards as issued by its technology services organizations. The Contractor shall observe the policies, procedures, and formats published as follows:

<b>Federal Policies and Regulations</b>	
<b>Computer Security Act of 1987</b>	<a href="http://csrc.nist.gov/groups/SMA/ispab/documents/csa_87.txt">http://csrc.nist.gov/groups/SMA/ispab/documents/csa_87.txt</a>

<b>IRM Policy Manual</b>	<a href="http://www.epa.gov/irmpoli8/archived/polman/index.html">http://www.epa.gov/irmpoli8/archived/polman/index.html</a>

IRM Policies, Standards and Procedures [<http://www.epa.gov/irmpoli8/>]

All contractor work shall be in compliance with the 2100 Series (2100-2199) of the Agency's Directive System which contains the majority of the Agency's IRM policies, standards, and procedures.

#### **4.2 Registry of Environmental Applications and Data** **<http://www.epa.gov/epahome/data.html>**

A Contractor developing or enhancing an information resource shall first conduct a thorough search of existing information resources, through means such as READ, to ensure development/enhancement of information resources does not duplicate existing information resources. If potential duplication is determined, the contractor shall consult with the EPA Contract Level COR to ensure that existing information resources are optimally utilized in conjunction with the information resource being developed/enhanced by the contractor. For any development/enhancement of information resources, the contractor shall work with the EPA on inserting/updating resource description information in READ.

### **4.3 Data Standards and Environmental Data Registry (EDR)** ( [http://iaspub.epa.gov/sor\\_internet/registry/datareg/home/overview/home.do](http://iaspub.epa.gov/sor_internet/registry/datareg/home/overview/home.do) )

Any development/enhancement of information resources (information resources include systems, databases, and models/web applications that utilize information in OW systems and databases), as well as any data products flowing to or from EPA information resources, must adhere to the data standards detailed in the EDR.

### **4.4 Monitoring information in STORET and follow-on data systems** ( <http://www.epa.gov/storet/> )

Any ambient water quality, chemical, physical, biological, sediment, tissue, and ecological monitoring data collected as part of contract, grant, or cooperative agreement activities must be entered into STORET or its follow-on data system(s) and be made available to the EPA in a compatible format. The contractor shall use its company name as the entity for data collected by the contractor when entering its data. The contractor shall report quality control of the data upload to the EPA.

### **4.5 National Hydrography Dataset (NHD) Indexing [<http://www.epa.gov/waters/>]**

Data related to OW programs that is required to meet the EPA Latitude/Longitude Standard shall also be indexed to the NHD, using EPA OW standard formats available on the WATERS website. Exceptions include groundwater data and data that is related to points greater than two miles from the United States coastline. The WATERS website describes EPA tools and training that are available for NHD indexing.

### **4.6 Web Standards**

All software (including web page) development shall be done in consultation with the COTR/ACOTR according to functional requirements and design found in the following documents. All work performed by the contractor must also adhere to the government policies and guidance in the following manuals:

EPA Standard Operating Procedures for the Development and Review of EPA Communication Products (<http://www.epa.gov/productreview/index.html>) Courtney, the title on the referenced page has changed.

EPA Web Guide <http://www.epa.gov/epafiles/>

EPA Section 508 Accessibility Guide: <http://www.epa.gov/accessibility/>

EPA Office of Water Web Helpdesk <http://epaowhelpdesk.zendesk.com/> Courtney, name of page is as reflected above. Make sure this is the correct web address/web page.

Guide for Developing Usable and Useful Web Sites (Usability Guidelines)  
<http://www.usability.gov/>

EPA Information Resources Management (IRM) Policy

<http://www.epa.gov/irmpoli8/policies/index.html>

All manuals shall be made available to the Contractor through the EPA CO or the EPA COR or Alternate COR at the time the Request for Proposal is provided. Contractors should be familiar with all requirements prior to commencement of work.

## ATTACHMENT 2

### REPORTS OF WORK

#### TECHNICAL AND REGULATORY SUPPORT FOR THE DEVELOPMENT OF CRITERIA/LIMITS FOR WATER MEDIA (HUMAN HEALTH – MICROBIOLOGY AND TOXICOLOGY EMPHASIS)

The work shall be divided into Work Assignments, each of which will require a Work Plan. Additionally, monthly progress reports and monthly financial management reports are required. Informal bi-weekly expenditure reports and special reports may be required for selected work assignments. Reports submitted under this contract shall reference the contract number, the work assignment number, and the Environmental Protection Agency (EPA) as the sponsoring agency.

#### MONTHLY PROGRESS REPORT

(a) The Contractor shall furnish 2 copies of the combined monthly technical and financial progress report stating the progress made, including the percentage of the project completed, and a description of the work accomplished to support the cost. If the work is ordered using work assignments and/or task orders, include the estimated percentage of task completed during the reporting period for each work assignment or task order. In addition, if QA/QC activities are required, the monthly report shall include a section addressing QA/QC activities.

(b) Specific discussions shall include difficulties encountered and remedial action taken during the reporting period, and anticipated activity with a schedule of deliverables for the subsequent reporting period.

(c) The Contractor shall provide a list of outstanding actions awaiting Contractor Officer authorization, noted with the corresponding work assignment, such as subcontractor consents, overtime approvals, and work plan approvals.

(d) The report shall specify financial status at the contract level as follows:

- (1) Current reporting period. Display the amount claimed.
- (2) Cumulative period and the cumulative contract life. Display the amount obligated, amount originally invoiced, amount paid, amount suspended, amount disallowed, and remaining approved amount. The remaining approved amount is defined as the total obligated amount, less the total amount originally invoiced, plus total amount disallowed.
- (3) Labor hours.
  - (i) A list of employees, their labor categories, and the numbers of hours worked for the reporting period.
  - (ii) Current reporting period. Display the expended direct labor hours (by EPA contract labor category), and the total loaded direct labor costs.
  - (iii) Cumulative contract period. Display the negotiated and expended direct labor hours (by EPA labor category) and the total loaded direct labor costs.
  - (iv) Display the estimated direct labor hours and costs to be expended during the next reporting period.
- (4) Display the current dollar ceilings in the contract, net amount invoiced, and remaining amounts for the following categories: Direct labor hours, total estimated cost, award fee pool (if applicable), subcontracts by individual subcontractor, travel, program management, and Other Direct Costs (ODCs).

- (5) Unbilled allowable costs. Display the total costs incurred but unbilled for the current reporting period and cumulative for the contract.
- (6) Average total cost per labor hour. For the current contract period, compare the actual total cost per hour to date with the average total cost per hour of the approved work plans.
- (e) The report shall specify financial status at the work assignment task level as follows:
  - (1) Current period. Display the amount claimed.
  - (2) Cumulative period. Display amount shown on work plan, or latest work assignment/delivery order amendment amount (whichever is later); amount currently claimed; amount paid; amount suspended; amount disallowed; and remaining approved amount. The remaining approved amount is defined as: the work plan amount or latest work assignment or delivery order amount (whichever is later), less total amounts originally invoiced, plus total amount disallowed.
  - (3) Labor hours.
    - (i) A list of employees, their labor categories, and the number of hours worked for the reporting period.
    - (ii) Current reporting period. Display the expended direct labor hours (by EPA contract labor hour category) and the total loaded direct labor costs.
    - (iii) Cumulative reporting period and cumulative contract period. Display the negotiated and expended direct labor hours (by EPA contract labor category) and the total loaded direct labor costs.
    - (iv) Display the estimated direct labor hours and costs to be expended during the next reporting period.
    - (v) Display the estimates of remaining direct labor hours and costs required to complete the work assignment or delivery order.
  - (4) Unbilled allowable costs. Display the total costs incurred but unbilled for the current reporting period and cumulative for the work assignment.
  - (5) Average total cost per labor hour. For the current contract period, compare the actual total cost per hour to date with the average total cost per hour of the approved work plans.
  - (6) A list of deliverables of each work assignment or delivery order during the reporting period.
  - (7) The amount of funding as specified by the Government for the work assignment; the amount of funding remaining; and the percentage of funding remaining.
- (f) This submission does not change the notification requirements of the "Limitation of Cost" or "Limitation of Funds" clauses requiring separate written notice to the Contracting Officer.
- (g) The reports shall be submitted to the following email addresses on or before the 20<sup>th</sup> of each month following the first complete reporting period of the contract. See EPAAR 1552.232-70 Submission of Invoices, paragraph (e), for details on the timing of submittals. Distribute reports to the following personnel and addresses:

### ATTACHMENT 3 LABOR CLASSIFICATION STANDARDS

Following are the definitions of the labor categories that should be used to prepare both the technical and cost portions of your proposal.

(a) Professional

(1) Level 4 - Plans, conducts and supervises projects of major significance, necessitating advanced knowledge and the ability to originate and apply new and unique methods and procedures. Supplies technical advice and counsel to other professionals. Generally operates with wide latitude for unreviewed action.

Typical Title: Program Manager, Senior Toxicologist, Senior Microbiologist, Senior Risk Assessor, Bacteriologist, Virologist, Molecular Biologist, Pharmacologist, Biochemist, Reproductive and Developmental Toxicologist, Cheminformatics/Bioinformatics Specialist, Dose Response/PBPK modeler

Normal Qualifications: Ph.D. Degree  
Experience: minimum of 8 years

(2) Level 3 - Under general supervision of project leader, plans, conducts and supervises assignments normally involving smaller or less important projects. Estimates and schedules work to meet completion dates. Directs assistants, reviews progress and evaluates results, makes changes in methods, design or equipment where necessary. Operates with some latitude for unreviewed action or decision.

Typical Title: Project Scientist, Group Leader - Biochemist, Biostatistician, Biologist/Molecular Biologist, Environmental Scientist/Exposure Assessor, Epidemiologist, Immunologist, Microbiologist, Neurotoxicologist, Parasitologist, Pharmacologist, Exposure/Risk Assessor, Toxicologist, Computational Toxicologist, Literature Search Specialist, Technical Writer/Editor, Meeting Coordinator, Dose Response/PBPK modeler

Normal Qualifications: Masters Degree  
Experience: minimum of 6 years, or Ph.D. minimum of 3 years

(3) Level 2 - Under supervision of a senior or project leader, carries out assignments associated with specific projects. Translates technical guidance received from supervisor into usable data applicable to the particular assignment; coordinates the activities of juniors or technicians. Work Assignments are varied and require some originality and ingenuity.

Typical Title:	Scientist, Biologist, Biostatistician, Chemist, Environmental Chemist, Epidemiologist, Research Assistant, Toxicologist, Analyst, Computer Specialist, Literature search specialist, and Writer/Editor
----------------	--

Normal Qualifications:	B.S. Degree
Experience:	minimum of 3 years

**QUALITY ASSURANCE SURVEILLANCE PLAN**  
**Technical and Regulatory Support for the Development of Criteria/Limits for Water Media**  
**(Toxicology Emphasis)**

<b>Performance Requirement</b>	<b>Measurable Performance Standards</b>	<b>Surveillance Methods</b>	<b>Incentive/Disincentives</b>
<p><b>Management and Communication:</b> The contractor shall maintain contact with the EPA Contracting Officer (CO), Contract Level Contracting Officer's Representative (CL-COR), and Work Assignment Contracting Officer's Representative (WACOR) throughout the performance of the contract and shall immediately bring potential problems to the attention of the EPA CL-COR and appropriate EPA WACOR. In cases where issues have a direct impact on project schedules, cost, time, or quality, the contractor shall provide options for EPA's consideration on resolving or mitigating the impacts</p>	<p>Any issue adversely impacting project schedules, cost, time, or quality shall be brought to the attention of the EPA CL-COR and appropriate WACOR within 3-days of the occurrence.</p>	<p>100% of active work assignments (WA) will be reviewed by the EPA WACOR monthly (via monthly progress reports) to identify unreported issues. The EPA WACOR will report any issues to the EPA CL-COR who will bring the issue(s) to the contractor's attention through the CO.</p>	<p>Two or more incidents per contract period of performance where the contractor does not meet the measurable performance standard will be considered <b>Unsatisfactory</b> performance and will be reported as such in the CPARS Performance Evaluation System under the category of Management.</p> <p>Less than two incidents per contract period of performance the contractor not meeting the measurable performance standard will be considered <b>Satisfactory</b> performance and will be reported as such in the CPARS Performance Evaluation System under the category of Management.</p>
<p><b>Timeliness:</b> Services and deliverables shall be in accordance with schedules stated in each work assignment unless amended or modified by an approved EPA action.</p>	<p>No more than 15% of all deliverables per work assignment shall be submitted more than 3 work days past the due date.</p>	<p>100% of active work assignments/deliverables under the contract will be reviewed by the EPA CL-COR/WACOR monthly (via monthly progress reports &amp; milestones established for each deliverable) to compare actual delivery dates against those approved.</p>	<p>If the contractor does not meet the measurable performance standards per work assignment during an applicable period of performance, it will be assigned a rating of <b>Unsatisfactory</b> in CPARS Schedule.</p> <p>A <b>Satisfactory</b> rating will be reported in the CPARS Performance Evaluation System under the category of Schedule if the contractor meets the measurable performance standards.</p>

<p><b>Cost Management and Control:</b> The contractor shall monitor, track and accurately report level of effort, labor cost, other direct cost and fee expenditures to EPA through progress reports and approved special reporting requirements. The contractor shall assign appropriately leveled and skilled personnel to all tasks, practice and encourage time management, and ensure accurate and appropriate cost control.</p>	<p>The contractor shall manage costs to the level of the approved cost estimate on each individual WA. The contractor shall notify the EPA WACOR, CL-COR, and CO when 75% of the approved cost estimate for any particular WA is reached. If a contractor fails to manage and control costs, any resultant overrun cannot exceed the total contract obligation for that period.</p>	<p>100% of the active WAs under the contract will be reviewed by the EPA CL-COR and appropriate WACOR monthly (via meetings, monthly progress reports &amp; milestones established for each deliverable) to compare actual versus projected expenditures. The EPA CL-COR shall review the contractor's monthly progress reports and request the WACOR's verification of expenditures before authorizing invoice payments.</p>	<p>If the contractor does not meet the measurable performance standards in an applicable contract period, it will be assigned a rating of <b>Unsatisfactory</b> in CPARS under the category of Cost Control.</p> <p>A <b>Satisfactory</b> rating will be reported in the CPARS Performance Evaluation System under the category of Cost Control if the contractor meets the measurable performance standards and accurately reports the costs in the progress reports according to the requirements in the "Reports of Work" attachment to the RFP.</p>
<p><b>Technical Effort:</b> The Contractor shall abide by its QMP and QAPPs for individual WAs in performing services and providing the support on this contract.</p>	<p>No more than 15% of deliverables and work products for any WA furnished to EPA for review by CL COR/WACOR and QAO shall require revisions to meet the requirements of the QMP and QAPP for the WA.</p>	<p>100% of active WAs/deliverables (and work products) will be reviewed by the EPA CL COR/WACOR to identify noncompliance issues with the QMP and QAPPs for individual WAs.</p>	<p>If the contractor does not meet the measurable performance standards per work assignment during an applicable period of performance, it will be assigned a rating of <b>Unsatisfactory</b> in CPARS under the category of Technical (Quality of Product).</p> <p>A satisfactory rating will be reported in the CPARS Performance Evaluation System under the category of Technical (Quality of Product) if the contractor meets the measureable performance standards.</p>
